

April 27, 2022

PUBLIC HEARING NOTICE

Monday, May 16, 2022 at 5:30 p.m. or immediately following the
conclusion of the Lafayette City Planning Commission, whichever occurs later
Lafayette City Zoning Commission

Re: 100 Block Leonie Street (105 - 123 Leonie Street, 109, 110 and
111 Marie Antoinette, and 100 Montrose Avenue) Administrative Rezoning
Town Hall Auditorium
220 West Willow Street, Building C Lafayette, LA 70501

On Monday, May 16, 2022, the Zoning Commission will be briefed on a proposed LCG-led administrative effort to rezone properties located generally north of Johnston Street, west of Arnould Boulevard, and south of Patricia Street. **Our records indicate that you own property in this area.** See the attached map indicating the subject properties.

The planning division is undertaking a comprehensive review of zoning across the city. The subject properties have been identified as areas where there appears to be a gap between the current zoning and the current uses and/or the zoning is not compatible with the uses of the surrounding properties. When those instances are found, staff begins research to determine if an administrative rezoning is appropriate and briefs the Zoning Commission on the area. The commissioners provide input and receive public input before a formal proposal comes forward. **That briefing is scheduled for Monday, May 16, 2022, and no formal commission action will be taken.**

Your Property/Your Zoning District

The current zoning of your property is CH (Commercial-Heavy) or RM-1 (Residential Mixed). Given the current uses in the immediate vicinity, staff believes MN-1 (Mixed-Use Neighborhood) is appropriate for the existing CH (Commercial-Heavy) zoning districts, and that PI-L (Public/Institutional Light) is appropriate for the existing RM-1 (Residential Mixed) zoning districts. Note: the RM-1 districts include Fire Station #6 and Our Savior's Church. The existing uses in the CH (Commercial-Heavy) zoning districts include single-family homes, light retail, offices, daycare and civic organizations. These uses are permitted in MN-1 (Mixed-Use Neighborhood) zoning districts.

Zoning districts determine the uses and structures that can be built on your property. If you are not familiar with zoning regulations or districts, please feel free to reach out to staff (contact information below) for a more thorough explanation of what this means for your property. In addition, you may review the zoning districts in Article 2 of the Lafayette Development Code: www.lafayettela.gov/docs/default-source/d-p-documents/planning-files/lafayette-development-code_March-2022.pdf

Next Steps

Depending on the results of this briefing, the next step would be to bring a formal proposal to the commission as early as June 20, 2022 to vote on a recommendation to be sent to the City Council. Should this proposal move forward, the Council will hold an additional public hearing and approve, modify, or deny the recommended administrative rezoning.

Meeting Details/More Information

We encourage you to contact the staff and/or attend the public hearing if you have an interest in the matter. If you are unable to attend, you may express your opinion in writing. Please address all letters to the Commission

care of the Community Development and Planning Department at the above address or e-mail zoningcommission@lafayettela.gov.

If you have any questions, please contact this office at (337) 291-7341.

Article 2. Districts

Summary: this Chapter establishes the zoning districts for the City of Lafayette, the regulations that apply to each district, and a comprehensive list of uses (the “Use Table”).

⇔ *Technical standards such as how building height and setbacks are measured, how buildings relate to utility easements, development in required setbacks, and development on substandard rights of way, are addressed in **Article 3**.*

89-6 Generally

- (a) To promote the public health, safety, morals, and general welfare of the community, the City of Lafayette is divided into the following districts:

District	Cross-Reference	PlanLafayette Future Land Use
“A” Agricultural	89-8	Rural / Agriculture. ⇔ <i>Buffer and building design requirements of Article 4 apply if the area is not zoned.</i>
“RS-1” and “RS-2” Residential Single-Family	89-9	Residential
“RM-1” and “RM-2” Residential Mixed	89-10	Mixed Residential
“MN-1,” “MN-2” and “MN-3” Mixed-Use Neighborhood	89-11	Transitional Mixed-Use
“MX-1” and “MX-2” Mixed-Use Center	89-12	Mixed-Use Center
“D” Downtown	89-13	Mixed-Use Center
“CM-1” and “CM-2” Commercial Mixed	89-14	Commercial / Office
“CH” Commercial Heavy	89-15	Commercial / Office
“IL” Industrial Light	89-16	Office / Industrial
“IH” Industrial Heavy	89-17	Office / Industrial
“PD” Planned Development	89-18	Any of the above
“PI-L” and “PI-H” Public/Institutional	89-19	Any of the above & Public Park

- (1) The RS, RM, MN and CM districts each have subdistricts (*e.g.*, RS-1, RS-2). The uses allowed in a district are consistent across subdistricts, whereas dimensional and development standards differ.
- (2) The MN, CM and CH districts include alternative development types, labeled “A” and “B.” **Development Type “A”** provides for urban-type development, with reduced landscaping and parking requirements but increased frontage buildout requirements. **Development Type “B”** provides for more conventional, suburban-type development, with greater parking, landscaping and green infrastructure requirements to accommodate vehicular access and to mitigate the impacts of paved surfaces and buildings. The

following criteria determine whether an application is required to use Development Type “A” or “B”:

Parking <i>(on-street on adjoining streets that provide direct access to the property)</i>	Any street includes on-street parking or has the capacity for on-street parking.
Speed limit <i>(adjoining streets that provide direct access to the property)</i>	≤ 35 mph
Street Classification <i>(adjoining streets that provide direct access to the property)</i>	All streets are classified as minor arterials or collectors, or are local streets.
Mix of Uses¹	There is at least one Residential, Commercial/Mixed-Use, and Public/Civic/Institutional use within a quarter mile of the property. These uses are those classified by the use table within the labeled Use Category (§Table 89-21-1).
Density²	There are residential uses other than dwelling, single-family detached within a quarter mile of the property.

¹When determining “Mix of Uses,” a quarter-mile is measured as the distance a person walks or drives from the nearest point of the subject property line to the nearest point of the second property line.

²When determining “Density,” a quarter-mile is measured as the radius from the centroid of the subject property.

Sites that meet all five (5) of the criteria above shall be required to use development type “A” unless otherwise determined by the Board of Zoning Adjustment. Sites that do not meet all five (5) of the criteria above may use either Development Type “A” or Development Type “B.”

- (b) Notwithstanding any setback established by this Article, buildings adjacent to substandard streets may be subject to additional setbacks (see Article 3, §89-38).
- (c) Private Roads and Driveways. A Private Road or driveway shall be accessory to the principal use of the parcel or lot upon which the same is located. Where a Private Road or driveway is the principal use of a parcel or lot, the use of such Private Road or driveway shall be concordant with the zoning district of the property upon which the Private Road or driveway is located. Accordingly, a Private Road or driveway located on property zoned RS shall not be trafficked except for traffic accessory to uses permitted in the RS district. Notwithstanding the forgoing, traffic, accessory to uses permitted in the RS district, shall be permitted on Private Roads and driveways located within the RM district; traffic, accessory to uses permitted in the RS and RM districts, shall be permitted on Private Roads and driveways located within MN, CM and CH;

and traffic, accessory to uses permitted in CH and PI districts, shall be permitted on Private Roads and driveways located with IL and IH districts.

89-7 Zoning Map

- (a) The boundaries of the zoning districts are shown on a separate instrument referred to as the zoning map of the Lafayette Consolidated Government (LCG). The Official Zoning Map is maintained as an electronic map layer by the LCG Geographic Information Systems (GIS) application maintained by Development and Planning Department (“DPD”). The official copy of the electronic version of the Official Zoning Map shall be recorded onto permanent media to ensure the electronic information is protected.
- (b) The map, together with all of its notations, references, and other information, is a part of this Chapter and has the same force and effect as if fully set forth or described in the text.

89-8 “A” Agricultural

Purpose: the “A” Agricultural district implements the Rural/ Agriculture future land use category of PlanLafayette by creating a district for land that is principally agricultural or natural in character. The area has low residential densities, and commercial areas are small in scale and either buffered from residential uses or integrated with a conservation design development. This district is applied on a voluntary basis at the request of a property owner, or as part of an area plan. Property owners have the option to build on a lot by lot basis, or to use a conservation subdivision option. Unzoned unincorporated areas that are not subject to the “A” district are subject to the landscaping, buffering and screening standards in Article 3.

- (a) **Permitted Uses.** See § 89-21.

- (b) **Dimensional Standards**

		Option 1	Option 2
	Lot Requirements		
1	Lot size (<i>min</i>)	20 acres	n/a
2	Lot coverage (<i>max</i>)	2%	n/a
3	Lot frontage (<i>min</i>)	100'	50'

Setbacks (principal buildings)			
4	Front / corner street	30'	20'
5	Side	10'	5'
6	Rear	40'	20'

Bulk Plane (⇔ See 89-27)	
7	From RS district boundary

3 stories for the first 200' from the front, side or rear setback line or boundary of a conservation development (see subsection (c)). This requirement does not apply beyond 200' from the setback or development boundary line.

Notes:

- (1) **Option 1** refers to development on an individual lot, except as provided below. **Option 2** refers to conservation design.
- (2) Lot size, coverage and frontage do not apply to Public/Civic/Institutional uses.

(c) Conservation Design

Purpose: a conservation subdivision is a development option that preserves agricultural land, natural resources, and rural character. The standards provide for low development impacts, while providing design flexibility and eliminating standards that would require unnecessary consumption of land. The site characteristics conserve important site features such as open space networks and contiguous woodland habitats adjacent to other existing open space tracts. The site design should encourage connectivity between environmental characteristics of adjacent properties and provide a continuous open space network between the proposed development layout and the adjacent properties. Intermodal trails which provide a link to adjacent properties as an enhancement of recreational opportunities are encouraged. Because the development standards are flexible, development costs per lot are significantly lower than conventional options, and lot yield is typically higher. Conservation street designs are provided in Article 3 of this Chapter.

(1) Lot Yield. The number of lots that may be developed under a Conservation Design approach are based on –

- a. A maximum density of **1 dwelling unit per 5 acres**. To maintain design flexibility and to maximize open space and rural character, minimum lot size requirements do not apply, and
- b. The conservation areas provided (see subsection (2), below).

(2) Conservation Areas

- a. **Amount.** As a baseline, at least **60%** of the site shall be preserved as conservation areas. This percentage establishes a baseline requirement that is adjusted based on the quality and value of the conservation space, based on conservation units (see below).

1. Determine the number of conservation units within the conservation areas as follows:

Type of Conservation Area <i>(defined in Article 3)</i>	Conservation Units
Woodland	1.15
Floodplain or Wetland (not within a riparian corridor)	1.0
Agriculture land	1.0
Riparian Corridor	1.25
Other	0.9
Areas of up to 5 acres that are not part of contiguous conservation areas	0.65

2. Determine the **conserved portion of the development** as follows:

$$C = S * (0.6 \times U), \text{ where}$$

C = conserved portion of the development

S = site area (prior to subdivision)

U = conservation units

- b. **Excluded Areas.** The following areas do not qualify as conservation units:

1. Stormwater detention areas or artificial water bodies;
2. Septic recovery areas, except as provided in subsection 89-8(c)(2)(d); or
3. Lawns or planted areas located on private lots.

- c. **Agricultural Land.**

1. Farm structures shall be retained whenever possible.
2. The subdivision or development layout shall retain existing farm operations within the conservation area.

- d. **Stormwater Management and Septic Areas.**

1. Septic recovery areas and stormwater management facilities may be counted as part of a conservation area if –

- A. The area is maintained by the homeowners' association; and
- B. The applicant demonstrates, by a report submitted by a registered professional engineer, that:
 - i. there is no adverse impact to the character of that area of land, such as –
 - ii. increased runoff, or
 - iii. impairment of water quality, or
 - iv. a decrease in existing tree cover, and
 - v. the developed area of the site is inadequate to accommodate these facilities.
- 2. Dry ponds with associated steep slopes, dams, mowed areas, fencing or unsightly overflow structures do not count toward the required conservation area.
- 3. Farm ponds, bioretention ponds, naturally contoured ponds and wet ponds with wetland edges and no visible structures may count as part of a conservation area.
- 4. Septic recovery areas may count as part of a conservation area if -
 - A. They are maintained by the homeowners' association, and
 - B. designed so that they are visually integrated with the existing landscape.

Examples:

Bioretention area included in common open space (counts toward conservation area)

Typical dry pond (does not count toward conservation area)

(3) Preservation of Conservation Areas. See § 89-40(e).

(4) Continuity of Conservation Areas.

- a. Fragmentation of the conservation area into small, irregularly shaped conservation parcels and lots is prohibited.
- b. Naturally contiguous conservation areas shall not be divided for the sole purposes of obtaining allowable density.
- c. Conservation areas shall connect with existing and potential conservation areas on abutting sites to encourage corridors of compatible site characteristics, unless it is found to be impractical due to topography, spacing or existing natural barriers.

89-9 “RS” Residential Single-Family

Purpose: the “RS” districts implement the Residential future land use category of PlanLafayette by providing for predominantly detached, single family neighborhoods. The dimensional standards accommodate a variety of densities and lot sizes.

(a) **Permitted Uses.** See §89-21.

(b) **Dimensional Standards**

Lot Requirements		RS-1	RS-2
1	Lot size (<i>min</i>)	6,000 sf	4,000 sf
2	Open space (<i>min</i>)	20%	15%
3	Lot Frontage (<i>min</i>)	30'	n/a
Setbacks (<i>principal buildings</i>)			
4	Front street (<i>min</i>)*	20'	5'
5	Side (<i>min</i>)	5'	3'
6	Rear (<i>min, common lot line</i>)	10'	10'
7	Rear-alley (<i>min</i>)	3'	3'
Bulk Plane (↔ See 89-27)			
8	From RS district boundary or another RS zoned lot or parcel	3 stories for the first 50' from the front, side or rear lot line, then 1 additional story for each additional 50 feet from the setback line. This requirement does not apply beyond 200' from any lot line.	

↔ Refer to Article 3 for rules and measurement of building height, lots, and setbacks.

* For corner lots, see §89-38(c)(6)(g)

- (1) Required front, side, and rear setbacks must be planted in grass or other planting except for required ingress and egress.
- (2) For buildings adjacent to substandard streets, an additional setback may apply (see Article 3, § 89-38).
- (3) Non-residential uses in the RS district are subject to the same standards as residential uses, except as provided in Article 5.
- (4) For any subdivision of 3 or more lots zoned RS-2 with lot widths less than 40 feet, an alley will be required and access must be provided by that alley. Lot widths greater than or equal to 40 feet can be serviced by alleys and/or driveways. Notwithstanding the foregoing, in the discretion of the Administrator, the use of driveways is permissible as an alternate to the alley requirement where feasible and aesthetically appropriate.
- (5) For wedge-shaped lots or lots fronting on a cul-de-sac, the minimum lot frontage in RS-1 shall be 25'.

89-10 “RM” Residential Mixed

Purpose: the “RM” districts implement the Mixed Residential and Residential future land use categories of PlanLafayette by providing for a wide range of housing types, from single-family detached units to apartments. The dimensional standards accommodate a variety of densities and lot sizes.

(a) **Permitted Uses.** See § 89-21.

(b) **Dimensional Standards**

Lot Requirements		RM-1	RM-2
1	Lot size (<i>min</i>)	n/a	n/a
2	Open space (<i>min</i>)	20%	15%
Setbacks (<i>principal buildings</i>)			
3	Front / corner street (<i>min</i>)	5'	5'
4	Side (<i>min</i>)	n/a	n/a
5	Rear (<i>min-common lot line</i>)	10'	10'
6	Rear-alley (<i>min</i>)	3'	3'
Bulk Plane (<i>↔ See 89-27</i>)			
7	From RS district boundary	3 stories for the first 50' from the front, side or rear lot line, then 1 additional story for each additional 50 feet from the setback line. This requirement does not apply beyond 200' from any lot line bordering the RS district.	

(1) Maximum Density for attached or zero lot line (dwelling units per gross acre) is as follows:

District	Density (max)
RM-1	25
RM-2	42

(2) Notwithstanding that there is no minimum lot size in the RM zoning district, a detached Single-Family Residence in the RM-1 zoning district shall be subject to a minimum lot size of 4,500 square feet, and a detached Single-Family Residence in the RM-2 zoning district shall be subject to the same minimum lot size and alley requirements as the RS-2 zoning district.

(3) Building entrances shall face the street or an interior courtyard, except for interior units that are screened from the street by street facing buildings. The rear of buildings shall not face the street.

89-11 “MN” Mixed-Use Neighborhood

Purpose: the “MN” district –

- *implements the Transitional Mixed-Use future land use category of PlanLafayette,*
- *provides an opportunity to establish neighborhood retail, convenience, service, office, and institutional uses in the Residential and Mixed Residential categories,*
- *provides a transition between residential areas and more intense commercial corridors, and*
- *provides opportunities for pedestrian access between residential and commercial areas.*

Each district has type “A” (urban) and type “B” (suburban) development types, as described and permitted in § 89-6.

(a) Permitted Uses. See § 89-21.

(b) Dimensional Standards.

		MN-1		MN-2		MN-3	
Development Type		A	B	A	B	A	B
Lot Requirements							
1	Lot size (<i>min</i>)	n/a	n/a	n/a	n/a	n/a	n/a
2	Density (<i>max</i>)	17	17	n/a	25	n/a	30
<i>* applies to mixed-use or residential uses only</i>							
3	Open space (<i>min</i>)	n/a	15%	n/a	10%	n/a	15%
Setbacks (<i>principal buildings</i>)							
4	Front / corner street (<i>min</i>)	n/a	n/a	n/a	n/a	n/a	n/a
5	Front / corner street (<i>max</i>)	20'	n/a	20'	n/a	15'	65'
6	Frontage buildout (<i>min</i>)	65%	n/a	75%	n/a	90%	65%
7	Side (<i>min</i>)	n/a	n/a	n/a	n/a	n/a	n/a
8	Rear-common property line or alley (<i>min</i>)	5'	5'	5'	5'	5'	5'
Height (↔ See 89-27)							
9	Bulk Plane (<i>from RS boundary</i>)*	n/a	2	n/a	3	n/a	3
10	Building Height (<i>max stories</i>)	3**	n/a**	4	n/a	5	n/a

*The Bulk Plane number above indicates the maximum stories for the first 50' from the front, side or rear lot line, then 1 additional story for each additional 50 feet from the setback line. This requirement does not apply beyond 200' from any lot line bordering the RS district.

**The max Building Height in MN-1 A or B for Apartment Hotels and Multi-family housing types on a lot that abuts an RS zoning district shall be 2 stories.

- (c) Whenever a setback greater than the maximum setback established by this Section is required under § 89-38(e), the setback requirements of § 89-38(e) shall supersede the maximum setback established in this Section. In that case, the setback required under § 89-38(e) shall be the maximum setback.
- (d) In the MN district, no sound shall be amplified outside of the confines of a building.
- (e) Drive-in and drive-through establishments are subject to Article 5, § 89-80.
- (f) For frontages on Minor Arterials, Collectors, or local streets: if the width of the front lot line is one hundred (100') feet or less, the buildout requirement is reduced by ten (10%) percentage points.
- (g) For frontages on Major Arterials: the frontage buildout requirement is reduced to 40% for corner lots.
- (h) For a single-family detached dwelling, the minimum setbacks shall be subject to the same minimum setbacks as the “RM” Residential-Mixed zoning district.
- (i) Corner lot developments will use highest classified road, as determined by LCG, when determining frontage buildout and setback requirements.
- (j) A detached Single-Family Residence in the MN zoning district shall be subject to a minimum lot size of 3,000 square feet.

89-12 “MX” Mixed-Use Center

Purpose: the “MX” districts implement the Mixed-Use Center future land use category of PlanLafayette for centers outside of Downtown. This includes a wide range of commercial, institutional and residential uses, and development design and intensity that supports walkable streets and transit. MX districts are part of approved mixed-use centers (MUCs) (see § 89-28). The MX district is divided into subdistricts based upon the development context, and the location of a lot on an “A” or “B” Street.

- ⇔ See Article 3, § 89-28 (Mixed-Use Center Design Standards) for processes and standards for designating mixed-use centers and master plan elements such as MX subdistricts and “A” and “B” streets.
- ⇔ See Article 3, § 89-29 (Mixed-Use Building Standards) for building design standards that are referenced in this section. These include minimum buildout, entryways, façade design, and architectural features.

(a) **Permitted Uses.** See § 89-21.

(b) Dimensional Standards

- (1) **Generally.** This section establishes dimensional standards for each MX district. These standards are keyed to the standards defined in § 89 – 28 Article 3, § 89-29. For development that is subject to a Master Site Plan and a development agreement, the LCG may designate the applicable dimensional standards in the development agreement.
- (2) **MX-1.** MX-1 provides a high level of density, intensity and design to reflect the more urban character of Mixed-Use Centers in the LCG’s established neighborhoods.

Setbacks <i>(principal buildings)</i>		
1	Front / corner street <i>(min)</i>	n/a
2	Front / corner street <i>(max)</i>	15’
3	Frontage buildout <i>(min)</i>	90%
4	Side <i>(min)</i>	n/a
5	Rear-alley or common lot line <i>(min)</i>	n/a
Bulk Plane (⇔ See 89-27)		
6	From RS district boundary	3 stories for the first 12’ from the front or rear setback line, then 1 additional story for each additional 12 feet from the setback line. This requirement does not apply beyond 60’ from the setback line.

- (3) **MX-2.** MX-2 provides an opportunity for mixed-use development in the edges of the City, or for projects that annex to the City, at a lower scale and intensity than MX-1.

Setbacks <i>(principal buildings)</i>		
1	Front / corner street <i>(min)</i>	n/a
2	Front / corner street <i>(max)</i>	25’
3	Frontage buildout <i>(min)</i>	70%
4	Side <i>(min)</i>	n/a
5	Rear-alley or common lot line <i>(min)</i>	n/a

Bulk Plane (↔ See 89-27)

- 6 From RS district boundary 3 stories for the first 20' from the front or rear setback line, then 1 additional story for each additional 20 feet from the setback line. This requirement does not apply beyond 100' from the setback line.

89-20 Annexed Territory

(a) Generally

- (1) All territory that is annexed to the City of Lafayette is automatically assigned the “A” Agricultural classification until existing land uses are determined and a new zoning category is adopted.
- (2) In lieu of the “A” district, the applicant for annexation may provide an application for rezoning concurrent with any petition for annexation. If the proper notice is given, the zoning classification may be approved concurrent with final approval of the annexation, or after the annexation is complete.
- (3) **Time limitations.** Unless another district is applied at the time of annexation, the “A” district zoning classification will apply to that property until:
 - a. The LCG initiates and approves a rezoning to another zoning district as provided in Article 4.
 - b. The owner or owners of property automatically zoned “A” may file an application to rezone the property as provided in Article 4. The appropriate Zoning Commission will then proceed through normal zoning reclassification procedures.
 - c. Property automatically zoned “A” is considered on a priority basis and shall be scheduled at the earliest possible scheduled regular meeting of the appropriate Zoning Commission.

89-21 Use Table

- (a) This section establishes the uses that are permitted in each zoning district. Each use is defined in subsection (d), below.
- (b) The Use Table (Table 89-21-2) establishes the following categories of uses:

Table 89-21-1 Use Categories

Notation	Category	Description
P	By right	The use is permitted if it meets the standards established in the zoning district, and any other applicable standards of this Chapter.
C	Conditional Use	The use requires a conditional use permit approved by the appropriate Zoning Commissions (see § 89-54).
A	Accessory Use	A use customarily incidental and subordinate to the principal use or building and located on the same lot with the principal use or building.
	Not permitted	A blank cell indicates that the use is not allowed in the district. A property owner who wants to establish the use may apply for a rezoning to a district that does allow the use.

- (c) If a use is not defined in this Section, the Administrator may authorize the use if –
 - (1) The use is functionally the same as a listed use, or

- (2) The use has similar visual, traffic, environmental and similar impacts as an expressly listed use. The Administrator may refer to empirical studies or generally accepted planning or engineering sources in making this determination. The burden is on the applicant to establish that the use is similar to the expressly listed use, or
- (3) Other comparably sized jurisdictions have successfully integrated the use in one or more equivalent zoning districts.
- (4) The use is within the same industry classification as another permitted use. In making this determination, the Administrator may refer to the most recent edition of the *North American Industry Classification Manual* (Executive Office of the President, Office of Management and Budget, (“NAICS”). If the use is not defined in the NAICS, the Administrator may refer to the most recent addition of the American Planning Association, *Land-Based Classification Standards LBCS Tables*, or any other recognized and accepted publication in the industry.

(d) The uses listed in the Use Table (Table 89-21) above are defined as follows:

Residential	
Residences	
Dwelling, single-family detached	A detached building designed as a residence for one family.
Accessory apartment	A secondary, independent living facility located in, or on the same lot as, a single-family residence. An accessory apartment may be rented to a household separate from that occupying the principal building on the lot.
Cottage Courts	A single lot that includes detached single family dwellings or duplexes arranged around a courtyard or open space.
Dwelling, two-family (duplex)	A single building designed as a residence for two families living separately on one lot. The units may be integrated horizontally, vertically (with one above the other), or back to back. No more than one duplex shall be allowed on a single lot.
Multi-family	A building designed as a residence for more than two families living separately, sometimes called apartments or flats. It includes any form of family occupancy, including traditional or non-traditional households, elderly housing, or retirement housing. The units may be integrated horizontally and vertically, or with 2 units stacked vertically and separated from adjacent units by a party wall (sometimes called "stacked flats"). Two or more duplexes on a single lot shall be considered Multi-family.
Live/Work Dwelling	A principally residential building that includes an office, studio, or other commercial use and a single dwelling unit occupied by the building owner. Compare: (1) Home Occupations (listed under "Accessory," below). A live-work unit allows a broader range of commercial and production-type uses and more non-residential floor area than a home occupation. In addition, a live-work unit may be designed as a townhouse or with a storefront or other commercial design configuration at the ground level, while a home occupation occurs in a building that is designed as a residence. (2) Mixed-use Building (listed under Commercial / Mixed-use – Mixed-use, below). A Mixed-use Building allows multiple businesses and residences in the same building, while a Live/Work Dwelling is generally limited to a single dwelling unit and a single business.
Manufactured home	A factory-built dwelling unit constructed to the standards and codes promulgated by the United States Department of Housing and Urban Development (HUD), under the National Manufactured Housing Construction and Safety Standards Act of 1974, 42 U.S.C. §5401 et seq., as amended ((See LRSA 51:911.22).
Manufactured Housing Land Lease Community	A parcel or tract of land where the principal use is the rental, leasing or occupancy of space by two or more manufactured homes on a permanent or semi-permanent basis, and customary accessory buildings or uses such as clubhouses, laundries, or management and sales units.
Apartment House	A building that - (1) is a converted single-family detached dwelling, or with architectural features and massing that are compatible with single-family dwellings, and (2) that consists of at least 3 separate dwelling units. This use type is different from a boarding house in that the units are intended for occupancy as permanent residences, and each unit may have separate kitchens and bathroom facilities. This use type is sometimes called a "big house."
Apartment Hotel	A hotel in which at least 90 percent of the hotel accommodations are available for occupancy by permanent guests.
Townhouse / Row house	A single-family dwelling forming one of a group or series of two or more attached single-family dwellings, separated from one another by a property line, party walls without doors, windows, or other provisions for human passage or visibility through the walls from basement or cellar to roof, and having roofs which may extend from one of the dwelling units to another.
Group Living:	
Boarding House	A building other than a hotel where meals or lodging, or both, are provided for compensation by pre-arrangement for a definite period. Examples include dormitories, fraternities, sororities, or dorms. This use type does not include a hotel, motel, or multi-family building. A multifamily building or apartment house includes separate dwelling units occupied by a single household, while a boarding house includes separate households sharing kitchen facilities.
Community living	Establishments primarily engaged in providing one or more of the following housing services: (1) short term emergency shelter for victims of domestic violence, sexual assault, or child abuse; (2) temporary residential shelter for the homeless, runaway youths, and patients and families caught in medical crises; or (3) transitional housing for low-income individuals and families. <i>Note: while the industry (NAICS) category includes construction of low cost housing and housing repair activities, those features are not regulated by zoning, and the housing types would fall within another listed category.</i>
Community home	A facility certified, licensed, or monitored by the Department of Health and Hospitals to provide resident services and supervision to six or fewer handicapped persons. Such facility shall provide supervisory personnel in order to function as a single family unit but not to exceed two live-in persons. (Source: LRSA § 28:477) This use does not include persons handicapped by reason of current drug abuse or alcohol abuse, nor shall it apply to handicapped persons currently under sentence or on parole from any criminal violation or who have been found not guilty of a criminal charge by reason of insanity.
Life care or continuing care services	An institution, residence or facility that provides accommodation and personal assistance to residents who depend on the services of others by reason of age and physical or mental impairment, and that is licensed to provide skilled nursing care. This category includes nursing or convalescent homes, hospices, or assisted living facilities. A "nursing or convalescent home" is any part of a building where shelter, board, and nursing care for 3 or more persons of all ages not related to the operator, requiring that care because of infirmities of old age, illness, and/or disability of a physical or mental nature. "Assisted living" is a residence that primarily serves the elderly and provides rooms and meals, and may provide personal care and supervision of self-administered medication. They may provide other services, such as recreational activities, financial services and transportation. This use does not include an establishment which provides care only during the day, or a halfway house for recovering alcohol and drug abusers.

Live/Work Dwelling	A principally residential building that includes an office, studio, or other commercial use and a single dwelling unit occupied by the building owner. Compare: (1) Home Occupations (listed under "Accessory," below). A live-work unit allows a broader range of commercial and production-type uses and more non-residential floor area than a home occupation. In addition, a live-work unit may be designed as a townhouse or with a storefront or other commercial design configuration at the ground level, while a home occupation occurs in a building that is designed as a residence. (2) Mixed-use Building (listed under Commercial / Mixed-Use – Mixed-Use, below). A Mixed-use Building allows multiple buildings and residences in the same building, while a Live/Work Dwelling is generally limited to a single dwelling unit and a single business.
Lodging	
Bed and breakfast	An owner- or operator-occupied house, or part of a house, that offers no more than 9 guest bedrooms for overnight paid occupancy of up to 30 consecutive nights, and where breakfast is provided to guests.
Hotel (small)	A Hotel that does not contain more than 50 guest rooms and does not exceed three stories in height.
Hotel / Motel	A building containing rooms intended or designed to be used or which are used, rented, or hired out to be occupied, or which are occupied for sleeping purposes by guests and transients and where only a general kitchen and dining room are provided within the building or in an accessory building.
Recreational vehicle park	Any area that is occupied or intended or designed or improved for occupancy by transients using recreational vehicles, motor homes, or mobile trailers for dwelling, lodging, or sleeping purposes and is held out as such to the public. Examples include campgrounds and recreational vehicle/travel trailer parks. This use does not include a Manufactured Housing Land Lease Community.
Commercial / Mixed-Use	
Animal Services:	
Animal hospital (indoor)	Any part of a building designed or used to care for or observe animals under medical treatment, supervised by a licensed veterinarian. The treatment of animals occurs entirely inside the principal building and not in ancillary or accessory buildings. This use does not include outside kennels.
Animal services, generally	Any part of a building designed or used to care for, board, groom, observe, or treat animals, supervised by a licensed veterinarian. This use may include overnight boarding or outdoor confinement or exercise areas. Includes a dog pound.
Financial Services:	
Automated teller machine, stand alone	An automated teller machine that is at a location separate from the controlling financial institution.
Financial institutions	A business where the primary occupation is financial services such as banking, savings and loans, loan offices, and check cashing and currency exchange outlets. It does not include financial services that typically occur in an office or storefront, such as investment companies, loan companies, credit and mortgage, insurance services, or brokerage firms), which are classified under "Office," below.
Pawn shop	A business that loans money on the security of pledges, deposits or other secured transactions in personal property (other than vehicles or other transportation devices).
Food & Beverage Sales / Service:	
Bar / Lounge	An establishment where the main source of revenue is the sale of alcoholic beverages which are customarily consumed on the premises. This includes taverns, brewpubs, microbreweries, hookah lounges, neighborhood taverns/bars/pubs, or micro distilleries where food and drink are served on the premises.
Food/Art market	A structure or place where agricultural produce, art or hand-made craft is brought for the purpose of retail sales from vehicles, temporary stands, or stalls. These include more than one seller per parcel of land. Examples include farmers markets, seafood markets, mobile markets, art markets, maker markets, and craft fairs.
Food preparation	A business that prepares food and beverages for off-site consumption, including delivery services. Examples include catering shops, bakeries with on-site retail sales, and the small-scale production of specialty foods (such as sweets). This classification excludes food production of an industrial character.
Food service	An establishment for retail sales of food and beverages for off-site preparation and consumption. Examples include grocers/supermarkets, specialty food stores, fruit and/or vegetable stands, butcher shops, delicatessens, dairy product sales, food cooperatives, or convenience markets. This category also includes large-scale stores that sell food items and beverages in bulk.
Mobile Food Establishment	A vehicle-mounted Food Establishment (as defined by LCG Code of Ordinances, Chapter 70, Section 70-86) designed to be readily movable which includes a motorized or towed self-contained food service operation truck or towed self-contained trailer unit designed to be readily movable. A Mobile Food Establishment shall not mean a stand, booth or cart.
Mobile vendor	Any person, including any employee or agent of another, who sells or offers to sell, barter or trade from a vending vehicle, trailer or cart. Mobile vendors do not include Mobile Food Establishments
Restaurant	A structure where food and drink are prepared, served, and consumed. Examples include microbreweries, micro distilleries, sit-down restaurants, cafes, delis, ice cream parlors, specialty food and/or outside dining patios and sitting areas. May include take-out, drive-in, sit-down service, or the sale and consumption of alcohol. The zoning district regulations indicate whether a drive-thru facility for food service is allowed.
Snack or beverage bars	Establishments primarily engaged in (1) preparing and/or serving a specialty snack, such as ice cream, coffee and/or pastries, frozen yogurt, cookies, or popcorn, or (2) serving nonalcoholic beverages, such as coffee, juices, or sodas for consumption on or near the premises.

**Mixed-Use:**

Mixed-use building	A building with any of the following floor space configurations: (1) an office, as defined below, located above the ground floor, where the ground floor is occupied by any use permitted by right in the applicable zoning district, or any use permitted as a conditional use in the applicable zoning district, provided that, with respect to such conditional use, a conditional use permit has been issued by the appropriate agency; or (2) any use permitted by right in the applicable zoning district, or any use permitted as a conditional use in the applicable zoning district, provided that, with respect to such conditional use, a conditional use permit has been issued by the appropriate agency, and residential dwelling units above the ground floor or behind the non-residential floor area. The floor space above the ground floor may be occupied by non-residential floor area in addition to residential dwelling units.
Office, Business & Professional:	
Office	A building principally occupied by professional, semi-professional, business, government/municipal, philanthropic institutions, or client-oriented services. Offices do not include retail or wholesale activities which require the receiving, stocking, storing, displaying, manufacturing, selling, or renting of merchandise or equipment, except where specifically permitted as an accessory use. Offices include the administrative, clerical or public contact offices of a government agency. All services are rendered within the principal building, and no outside areas are used to perform services. Examples of businesses include law firms, publishers, business services, sales, marketing, interior decorators, and studios for professional work or teaching.
Personal / Business services:	
Bail bond services	An office that engages in the sale or issuance of bail bonds or other financial transfers for the purpose of securing the release from jail of an accused defendant pending trial.
Business support services	Includes blueprinting, printing, graphics, photostating, copying, packaging, labelling, and similar services. "Printing" and "graphics" mean business engaged in the custom design and/or reproduction of written or graphic materials. Typical processes include computerized design and printing, photocopying, and facsimile sending and receiving.
Courier, messenger and delivery services	Establishments primarily engaged in providing air, surface, or combined mode courier services, express delivery services of parcels, or local messenger and delivery services of small items, with local pick-up and delivery. Examples include air courier services, express delivery services; local delivery services for letters, documents, or small parcels; grocery delivery services (i.e., independent service from grocery store), or restaurant meals delivery services.
Day Labor Service	Any building or premises that serves as a staging point or gathering place for persons who are seeking immediate employment in daily labor activities and who accept or are assigned employment in accordance with whatever employment is available on that particular day. For purposes of this definition, "day labor" means manual labor, such as construction cleanup, garbage pickup and removal, demolition, convention setup and takedown, landscaping, planting, and digging.
Funeral services	Any place or premises devoted to or used in the care and preparation for burial of the body of a deceased person or maintained or held out to the public by advertising or otherwise as the office or place for the practice of funeral directing (source: RS 37:831). For example funeral homes.. (Note: cemeteries are classified under Public/Civic/Institutional - Assembly, below).
Crematorium	The building or portion of a building that houses the chamber for cremation and the holding facility.
Linen/Uniform Supply	Establishments that supply laundered items, such as table and bed linens; towels; diapers; and uniforms, gowns, or coats of the type used by doctors, nurses, barbers, beauticians, and waitresses.
Maintenance & repair services	An establishment providing repair services for personal and household goods, such as household appliances, computers, radio, television, audio or video equipment, office machines, furniture and leather goods, and metal sharpening. This classification excludes building maintenance services and maintenance and repair of automobiles and other vehicles and equipment.
Personal services	A business which provides a service to the general public. This includes, but is not limited to, barber shops, beauty shops/salons, laundries (including self-service), dry cleaners, tailors, seamstresses or dressmakers, taxidermist, pet groomers, photographers, wedding planning, wedding chapels, dating services, nail salons, massage establishments, tattoo parlors, and shoe shining or repair. This does not include social escort, bail bond, or other services listed separately.
Pick-up station (laundry and/or dry cleaning)	Establishments that accept from the public clothes or other materials to be laundered or dry-cleaned, and for which a charge is made. The laundering or dry-cleaning work is done by a laundry or dry cleaning establishment that is not on the premises of the pickup station.
Retail sales:	
Convenience store	Establishments that retail a limited line of goods that generally includes milk, bread, soda, alcohol and package liquor, and snacks, but not fuel sales for vehicles.
Convenience store (with gasoline sales)	Establishments that retail a limited line of goods that generally includes milk, bread, soda, alcohol and package liquor, snacks, and fuel sales for vehicles.
Nonstore retailers	Establishments that retail merchandise through online, mass media, telephone, mail, or similar methods (infomercials, direct-response advertising, paper and electronic catalogs, door-to-door solicitation, in-home demonstration, selling from portable stalls, vending machines, and similar methods). Examples include mail-order houses, vending machine operators, home delivery sales, door-to-door sales, party plan sales, electronic shopping, and sales through portable stalls (e.g., street vendors).
Nursery/Horticulture/ Farm Supply	A place for the propagation or sale of small trees, shrubs, garden supplies, and plants. This classification includes the sale of seed and feed, landscape materials, soils, and rental of landscaping equipment.

Retail, limited (A)	An establishment engaged in the sale and/or rental of goods such as apparel and accessories/uniforms, bicycles, cameras and photographic supplies, candy and confections, electronics, entertainment media (such as videos, compact discs, DVDs, or computer games), floral goods, gifts and novelties, hardware, health and personal care (such as pharmacies, cosmetics and optical or surgical supplies), hobby, home décor, jewelry, luggage and leather goods, music, news, media (newsstands), office supplies, pets, picture frames, shoes, sporting goods, stationary, tobacco, toys, used merchandise/antiques, arts and crafts, or similar items. This includes artist studios/galleries that both create and sell visual artwork. Each Retail, Limited (A) use on a Lot shall be limited to six thousand (6,000) gross square feet per lot.
Retail, limited (B)	An establishment engaged in the sale and/or rental of all goods permitted in Retail, limited (A) with not limitation on gross square feet per lot, and, additionally, the sale and/or rental of goods such as beer or liquor (package), firearms, and furniture.
Retail, general	An establishment engaged in sale and/or rental of all goods, permitted in Retail, limited (B), and, additionally, appliances, auto parts/tires, general merchandise, heating and plumbing equipment, and pawn shops. This use classification shall also include the sale and/or rental of goods at establishments such as department stores, warehouse clubs, variety stores (see §89-151), superstores, swap meets and flea markets, auctions, and consumer goods rental/general rental centers.
Vehicles / Equipment:	
Auto and truck repair	An area used for major mechanical and body work, straightening of body parts, body repairs, battery rebuilding, painting, welding, short term (less than 72 hours) storage of automobiles not in operating condition, outdoor work on vehicles, or other work involving noise, glare, fumes, smoke, or other characteristics to an extent greater than normally found in auto service stations. Includes general maintenance activities including but not limited to replacement of filters, fluids, light bulbs, belts, fuses, and tire; emissions testing; and similar activities. Includes emissions testing services that test the emissions of automobiles or other vehicles to determine compliance with state or federal emissions requirements.
Automobile or vehicle dealership	A facility for the sale or rental of automobiles, motorcycles, trucks, tractors, construction or agricultural equipment, motor homes and RV
Building material sales & services	Retailing, wholesaling or rental of building supplies or construction equipment. Examples include lumberyards, hardware / home improvement sales and services, paint, tool and equipment sales or rental establishments.
Car Wash	A building or part of a building with facilities for the simultaneous washing of automobiles. It does not include the additional activities permitted in "auto and truck repair".
Commercial and Industrial Machinery and Equipment Rental and Leasing	Establishments primarily engaged in renting or leasing machinery and equipment for use in business or industrial operations. These establishments typically cater to a business clientele and do not generally operate a retail-like or store-front facility. Examples include the sale or leasing of farm equipment and supplies, heavy equipment, office furniture or equipment, machinery tools (construction equipment sales and service), or off-highway transportation equipment.
Gasoline or diesel fuel sales	An area used exclusively for retail sales of fuels oils, CNG, and electric charging station. This use may have storage tanks and pumps, vehicle service and repair facilities conducted inside the building, or an accessory car wash.
Manufactured Home Dealers	Establishments primarily engaged in retailing new and/or used manufactured homes (i.e., mobile homes), parts, and equipment.
Truck stop	A structure or land intended to be used primarily for the sale of fuel for trucks and usually incidental service or repair of trucks. This includes a group of facilities consisting of those uses and attendant eating, sleeping, or truck parking facilities. As used in this definition, the term "truck" does include any vehicle whose maximum gross weight is more than 10,000 pounds.
Public/Civic/Institutional	
Day Care:	
Adult day care	A licensed establishment operated and maintained to provide care or supervision during the day, such as social activities, minor health care assessments, meals, and recreation, for five or more persons 18 years of age or older. The facility is not used as a residence. The definition does not include halfway houses for recovering alcohol and drug abusers.
Child care facility, commercial	A facility that is licensed as such by the State of Louisiana and provides non-medical care to children, normally for periods less than 24 hours. It serves more than six children and/or is operated by a person who is not a resident of the site.
Child care facility, residential	A facility that is licensed as such by the State of Louisiana and provides for non-medical care to children, normally for periods less than 24 hours. It serves six children or less, and the operator is a resident of the site.
Assembly:	
Cemetery/mausoleum/columbarium	A burial ground, place of interment, or premise for the storage of deceased humans or pets.
Church or worship center	A place of religious worship and instruction. Accessory uses requiring independent approval include (1) an associated private school, and (2) child care.
Exhibition, convention, or conference facility	A facility with exhibition halls and/or conference rooms used for assemblies or meetings of individuals or representatives of a group sharing common interests. This does not include clubs, lodges, community meeting facilities, or other meeting facilities of private or non-profit groups that are primarily used by group members.
Banquet, reception or event hall	Any building(s) and its premises used for the exclusive purpose of hosting social functions, ceremonies, gatherings, parties or other events (See §89-95-3)
Club or lodge (private)	A non-profit association of persons which owns, rents, or leases a building, or portion thereof; the use of such premises being restricted to members and guests. This includes a fraternal organization.
Government / Non-Profit:	
Armory	A building or group of buildings used primarily for housing and training troops or for storing military property, supplies, or records.

Detention or penal institution	A facility where persons are detained pending adjudication or confined under criminal sentences. Examples include community correctional facilities, correctional facilities or juvenile detention facilities.
Vehicle / equipment maintenance facility	A facility providing maintenance and repair services for vehicles and equipment and areas for storage of equipment and supplies. This classification includes construction yards, equipment service centers, transit vehicle storage and servicing, and similar facilities.
Public Safety Facility	A facility for public safety and emergency services, such as police, fire protection, police and fire training facilities, and ambulance and emergency services, administrative facilities for emergency medical care, and blood and organ banks. This includes accessory transportation services and vehicle maintenance.
Social assistance, welfare, and charitable services	Establishments that provide social assistance services directly to clients such as children, elderly persons, disabled persons, homeless persons, or veterans. Social assistance may include food, medical relief, counseling or training. Examples include adoption agencies, youth centers (except recreational only), child guidance organizations, youth self-help organizations, foster care placement services, community action services agencies, marriage counseling services (except by offices of mental health practitioners), crisis intervention centers, multipurpose social services centers, family social services agencies, self-help organizations (except for disabled persons, the elderly, persons diagnosed with intellectual and/or, developmental disabilities), family welfare services, suicide crisis centers, hotline centers, telephone counseling services, community food services (includes collection, preparation, and delivery of food, clothing and blankets for needy persons).
Postal services	Establishments that provide mail services, including delivering items (such as letters and small parcels that can be handled by one person without using special equipment. Sorting and transportation activities, where necessary, are generally mechanized.
Educational:	
College / technical school	A "college" is a post-secondary educational institution authorized to award associate, baccalaureate, or higher degrees, or a seminary. A "technical school" is a specialized institution of learning which offers secondary or post-secondary instruction in business, trade, vocational, or other technical subject matter.
School (public or private)	An institution of learning which offers instruction in the several branches of learning required to be taught in the public schools of the state.
Personal instructional services	The provision of instructional services such as tutoring and exam preparation, language, photography, fine arts, crafts, dance or music studios, exercise studios, art studios, driving schools, employment training, diet centers, and beauty schools. This includes incidental retail sales, or light assembly and offices relating to training or instruction.
Medical:	
Hospital or sanitarium	A "hospital" is a place devoted primarily to the maintenance and operation of facilities for the diagnosis, treatment, or care for at least 24 hours in any week of 3 or more non-related individuals suffering from illness, disease, injury, or deformity, except homes for the aged or nursing or convalescent homes. A "sanitarium" is an institution for the recuperation and treatment of victims of physical or mental disorders.
Medical office, clinic, or laboratory	Examples include medical offices, laboratories, or facilities for medical, optical, orthotic, prosthetic, psychiatric, physiotherapy, surgical, or dental laboratory services, photographic, analytical, or testing services. A clinic is a building designed for or used by any combination of physicians, surgeons, dentists, psychiatrists, physiotherapists, or practitioners in related specialties, and who do not offer in-patient care.
Arts, Entertainment, & Recreation:	
Adult business	See Section 18-3 of the Code of Ordinances.
Civic Spaces	A park, playground, natural area, or open space that is open to the general public or on a non-profit basis. Examples include tennis clubs, central squares, neighborhood parks, recreational facilities, picnic facilities, public recreation areas, and accessory food concessions.
Cultural facility	An institution engaged primarily in the performing arts or in the display or preservation of objects of interest in the arts or sciences that are open to the public on a regular basis. Examples include performing arts centers for theater, dance and events, museums, historical sites, art galleries, artist/artisan studio or shop, libraries/reading rooms, zoos, aquariums and observatories.
Entertainment facility	An establishment where the primary source of revenue is derived from live or recorded performances shown or played for the amusement of an audience. Examples include music clubs and dance halls.
Health/fitness club	An establishment that offers exercise or weight control programs whether or not the business provides any other service. Examples include gymnasiums, martial arts schools, gymnastics schools, weight control establishments/reducing salons, health clubs, health spas, swimming pools, handball facilities, racquetball or tennis club facilities, tanning facilities, fitness facilities, and yoga or workout studios.
Recreational Facility, Indoor	Buildings or structures principally devoted to recreational activities or nongambling games, leisure and recreation services to the public or to members. Examples include the following uses when they are conducted indoor: ice or roller skating rinks, bingo parlors, billiard parlors, bowling centers, pool rooms, miniature golf courses, amusement arcades, tennis clubs, swimming pools, non-commercial community centers, play courts, shooting facilities, batting cages, go-cart or dirt-bike courses, skateboard areas, and water slides or water parks.
Recreational Facility, Outdoor or Major	Large, generally outdoor facilities, such as: outdoor roller or ice-skating rinks, sports stadiums and arenas; amusement and theme parks; racetracks; swimming or wave pools; entertainment complexes; amphitheaters; drive-in theaters; archery or shooting ranges; riding academies; miniature golf; golf courses, driving ranges, and country clubs; marinas; and similar facilities.
Theater	A facility with fixed seats for the viewing of movies or live presentations of musicians or other performing artists.

Industrial / Production	
Manufacturing & Employment:	
Contractor	The facilities for a specialized trade related to construction, electric, glass, painting and decorating, welding, water well drilling, sign making, or similar items. Includes storage yards (for equipment, materials, supplies and/or vehicles), roofing and sheet metal, elevator maintenance and service, and venetian blind and metal awning fabrication and cleaning.
Data Processing, Hosting, and Related Services (including data centers)	Establishments that provide infrastructure for hosting or data processing services. These establishments may provide specialized hosting activities, such as web hosting, streaming services or application hosting; provide application service provisioning; or may provide general timeshare mainframe facilities to clients. Data processing establishments provide complete processing and specialized reports from data supplied by clients or provide automated data processing and data entry services.
Dirt pit, sand pit or similar excavation	An excavation from which extracted dirt, clay, sand or gravel is or may be used at the same location or may be transported for use at a different location and which has one or more of the following characteristics: (1) Exceeds a total surface area of ten acres; or (2) The excavated area exceeds an average depth of 25 feet at any time after the commencement of excavation; or (3) The time needed for completion will exceed 180 days.
Industrial Services	A business that provides cleaning, washing, or similar services to industrial, manufacturing, medical or business establishments. An example includes commercial launderer that launders and dry cleans clothing and other fabric articles in bulk quantities, such as cleaning services for hospitals, restaurants, hotels, and similar clients, or rug and dry-cleaning plants.
Media Production	Establishments that produce, manufacture, arrange for the manufacture, or distribute motion pictures, videos, television programs, television commercials, and music and sound recordings. This includes specialized motion picture or video postproduction services, such as editing, film/tape transfers, titling, subtitling, credits, closed captioning, and computer-produced graphics, animation and special effects, and developing and processing motion picture film. Examples include motion picture film laboratories, stock footage film libraries, postproduction facilities, teleproduction services, and sound recording studios. It does not include graphics, editing, or similar work that occurs in an office (see Commercial / Mixed-Use - Office category, above).
Mining & quarrying	The extraction of metallic and nonmetallic minerals, including sand and gravel pit operations.
Manufacturing, Light	The manufacturing or processing of materials employing electrical or other unobjectionable motive power, utilizing hand labor, or other unobjectionable machinery or processes, and free from any objectionable odors, fumes, lint, vibration, or noise. An example is jewelry manufacturing.
Manufacturing, General	Manufacturing of products, from extracted or raw materials, or recycled or secondary materials, or bulk storage and handling of those products and materials. These include apparel (including clothing, shoes, dress making), brooms, caskets, food/baking (including coffee roasting, creameries, ice cream, ice, frozen food, confectionery, and beverage), tobacco products, fasteners and buttons, gaskets, leather and allied products, medical equipment and supplies, mill work and similar woodwork, mattresses, musical instruments, novelties, office supplies, printing and print supplies, signs, sporting goods, textiles (including dyeing, laundry bags, canvas products, dry goods, hosiery, millinery), and toys. This includes similar establishments, and businesses of a similar and no more objectionable character. It also includes incidental finishing and storage. Goods or products manufactured or processed on site may be sold at retail or wholesale on or off the premises. This does not include any activity listed under Intensive Manufacturing.
Manufacturing, Intensive	Manufacturing of paper, chemicals, plastics, rubber, cosmetics, drugs, nonmetallic mineral products (such as concrete and concrete products, glass), fabricated metal products (including electroplating, hardware), primary metals, acetylene, cement, lime, gypsum or plaster-of-Paris, chlorine, corrosive acid or fertilizer, insecticides, disinfectants, poisons, explosives, paint, lacquer, varnish, petroleum products, coal products, plastic and synthetic resins, electrical equipment, appliances, batteries, machinery, and transportation equipment. This group also includes smelting, animal slaughtering and oil refining.
Oil and gas company (drilling and exploration)	Establishments that operate and/or develop oil and gas field properties. Activities may include exploration for crude petroleum and natural gas; drilling, completing, and equipping wells; operating separators, emulsion breakers, desilting equipment, and field gathering lines for crude petroleum and natural gas; and all other activities in the preparation of oil and gas up to the point of shipment from the producing property.
Research and development	The investigation into the natural, physical, or social sciences, and that includes product development or testing. This does not include research, engineering or similar activities that occur indoors in an office environment, which is classified separately under Commercial / Mixed-Use - Office, above.
Oil and mining support activities	Establishments that support oil extraction or minerals mining, including exploration, sampling, excavating, drilling, surveying, and similar activities. This includes oil field service companies and oil field supplies and machinery.
Stone cutting	Establishments that cut, shape, and finish marble, granite, slate, and other stone for building and miscellaneous uses, or that buy or sell partly finished monuments and tombstones.
Warehousing, Storage & Distribution:	
Building and landscaping materials supplier	A business that sells building materials or landscaping where the majority of sales are wholesale transactions to other firms, not retail sales.
Building maintenance services	An establishment providing carpet cleaning, carpentry, roofing, exterminator, glazing, janitorial services, electrical repair, plumbing, heating and air conditioning (sales and service), upholstery, painting and paper hanging, sign painting, or rug cleaning.
Freight depot (railway and truck)	Distribution facilities upon which storage and warehousing of cargo is incidental to the primary function of freight shipment, and not to include any display of goods for either retail sale or wholesale. Includes both railway and truck freight transfers.
Fuel Distribution or Recycling	A facility dedicated to: (1) wholesale or commercial fuel storage and distribution, including petroleum, biodiesel, propane, butane, natural gas, or other similar fuels, to vehicles, machinery, or heavy equipment, or (2) the collection,

	storage, and processing of waste oil product for conversion into useable fuel products such as biodiesel, and may include storage and sales of resulting useable fuels. This does not include auto service stations.
Machinery and heavy equipment sales and service	The retail sales and accessory repair of construction, agriculture, excavation, and similar machinery and equipment, including tractor-trailers.
Self-service storage facility	A building or group of buildings in a controlled access compound that contains varying sizes of individual, compartmentalized, controlled access stalls or lockers for the storage of customers' residential and/or commercial goods.
Oil & gas storage	A tank farm or outdoor facility to store oil and gas. Includes bulk plant (petroleum).
Outdoor storage	Materials, goods, vehicles, or equipment kept or placed outside an enclosed structure for twenty-four (24) hours or more. Includes pipe storage and sand and gravel storage yards.
Vehicle towing and storage facility	Establishments primarily engaged in towing light or heavy motor vehicles, along with incidental services such as storage and emergency road repair services.
Wholesale distribution, warehousing and storage	The storage of goods, and the sale of goods to other firms for resale, including activities involving significant storage and movement of products or equipment. Examples include warehouse or produce/fruit/food storage and wholesale structures, carting, express crating, hauling, cold storage, feed locker plants, dry goods wholesale, hardware storage, and wholesale, paper supplies, shoes, sporting goods, professional and commercial equipment and supplies merchant wholesalers (such as restaurant supply sales), and otherwise preparing goods for transportation. This may include fulfillment centers that combine storage with call centers.
Infrastructure	
<i>Transportation / Parking:</i>	
Airport	Any area of land or water which is used or intended for the landing and taking off of aircraft, and any appurtenant areas which are used or intended for use for airport buildings or other airport facilities or rights-of-way, including all necessary runways, taxiways, aircraft storage and tie-down areas, hangers, public terminal buildings and parking, helicopter pads, support activities such as airport operations and air traffic control, and other necessary buildings and open spaces. Includes dusting services.
Ground passenger transportation (e.g. taxi, charter bus)	Establishments that provide passenger transportation by bus, charter bus, automobile, limousine, van, or shuttle. Some services (such as taxi) are not operated over regular routes and on regular schedules. Examples include charter bus, special needs transportation, taxicab owner/operators, taxicab fleet operators, or taxicab organizations. This does not apply to publicly operated bus or mass transit systems. Includes fleet services that store, maintain, repair, fuel, and service two or more vehicles owned by a single commercial or public entity.
Heliport / miscellaneous air transportation	Facilities intended solely for takeoff and landing of helicopters, or for miscellaneous transportation vehicles for scenic purposes such as balloons.
Parking facility	A parking lot or a parking garage offering parking to the public and is the principal use of the premises. "Parking lot" is an off-street, ground-level, and open area for the temporary placement of operable motor vehicles. A "parking garage" is a multi-level structure for the temporary placement of operable motor vehicles. Automobile fuels and oils are not sold and motor vehicles are not equipped, repaired, hired, or sold in a parking facility
Railroad facilities	A facility for freight pick-up or distribution by rail. This may include specialized services for railroad transportation including servicing, routine repairing (except factory conversion, overhaul or rebuilding of rolling stock), and maintaining rail cars; loading and unloading rail cars; and independent terminals.
Railroad right-of-way	A strip of land with tracks and auxiliary facilities for track operation, but not including freight depots or stations, loading platforms, train shed, warehouses, car or locomotive shops, or car yards.
Passenger depot	Facilities for passenger transportation operations, and holding facilities, which includes rail stations, bus terminals, urban and regional transit stations and scenic and sightseeing facilities, but does not include airports and heliports. This includes accessory parking facilities. This does not include transit shelters, which are permitted in all districts.
Transit shelter	A roofed structure with at least three (3) walls located on or adjacent to the right-of-way of a street, and which is designed and used primarily for the protection and convenience of bus passengers.
<i>Utilities:</i>	
Utility, Major	A building or other structure for water supply (including water distillation) or wastewater treatment or the production of electricity, steam, air conditioning, hot water or chilled water for consumption by the general public.
Utility, Minor	All lines and facilities related to the provision, distribution, collection, transmission, or disposal of water, storm water, communications, electricity, transportation, gas, steam, and similar public services, and may include storage for vehicles and equipment necessary to provide those services. This includes facilities that are necessary to support legally established uses and involve only minor structures such as electrical distribution lines, water or sewer pumping stations, water storage facilities, telephone exchanges, switch boxes, transformer boxes, cap banks, and underground water and sewer lines. This does not include "communications facility" or "wireless communication tower" as defined below, which refer to the point of transmission rather than distribution systems such as cable networks.
<i>Communications facilities:</i>	
Communications facility	Broadcasting and other communication services accomplished through electronic mechanisms. Examples include radio, television or recording studios, switching centers and cable transmitting stations.
Wireless communication tower or antenna	Antenna support structures for mobile and land based telecommunication facilities, such as whip antennas, panel antennas, microwave dishes and receive-only satellite dishes, cell enhancers and related equipment for wireless transmission from a sender to one or more receivers, such as for mobile cellular telephones, mobile radio systems facilities and commercial radio service. This facility includes a monopole tower, a steel lattice tower and any self-supporting communication tower. This use may include an unmanned equipment shelter.

Weather or environmental monitoring station	A facility with instruments and equipment that measures atmospheric conditions (typically to provide current weather information or a basis for weather forecasts), air or water quality, soil conditions, or similar variables.
Waste-related:	
Hazardous waste disposal	A facility where hazardous or infectious waste material is incinerated, landfilled or put to other final disposition.
Hazardous waste transfer	A facility where hazardous or infectious waste is received and processed for transportation to another place for recycling, re-use, incineration or final disposal.
Junk yards	A facility or area for storing, keeping, abandoning, selling, dismantling, shredding, compressing, demolishing, or salvaging scrap, discarded material or equipment. This includes metal, paper, rags, tires, bottles, motor vehicles or motor vehicle parts, machinery, structural steel, equipment and appliances. Examples of "junkyard" include: (1) Facilities or sites for separating trash and debris from recoverable or recyclable resources, such as paper products, glass, metal cans and other products; and (2) Facilities or sites where damaged and/or wrecked and/or dismantled and/or partially dismantled motor vehicles are stored for periods of longer than 90 days; and (3) Facilities and sites where motor vehicle parts may be removed and stored, sold or salvaged.
Recycling plant	A facility in which recyclable material only is collected, processed, separated, and/or baled in preparation for shipment to others who will use those materials to manufacture new products. Recyclable material includes metals, glass, plastics, wood, paper, and other similar materials that may be used in the manufacture of new products. Recycling plants shall not collect vehicles for salvage, hazardous materials, compost, or rubbish.
Remediation Services	Establishments primarily engaged in one or more of the following: (1) remediation and cleanup of contaminated buildings, mine sites, soil, or ground water; (2) integrated mine reclamation activities, including demolition, soil remediation, waste water treatment, hazardous material removal, contouring land, and revegetation; and (3) asbestos, lead paint, and other toxic material abatement.
Solid waste	A fixed facility where non-hazardous wastes are taken from collection vehicles, temporarily stored, and ultimately relocated to a permanent disposal site. It does not include an incineration facility. Examples include transfer stations (prohibited in Lafayette Parish under Ordinance No. O-263-2011), disposal areas, and waste management services such as pumping (i.e., cleaning) cesspools, portable toilets, or septic tanks; cesspool cleaning services; sewer cleaning and rodding services; portable toilet renting and/or servicing; and sewer or storm basin cleanout services.
Agriculture	
Farming	Any parcel of land which is used for gain in the raising of agricultural products, livestock, poultry, or dairy products. It includes necessary farm structures within the prescribed limits and the storage of equipment used.
Poultry and egg production	Establishments engaged in breeding, hatching, and raising poultry for meat or egg production. Examples include hatcheries and poultry storage and dressing.
Community garden	A site operated and maintained by an individual or group to cultivate trees, herbs, fruits, vegetables, flowers, or other ornamental foliage for the following uses: personal use, consumption, donation or off site sale of items grown on the site.
Crop Agriculture	An area of land managed and maintained by an individual or group of individuals to grow and harvest food crops and horticultural products (including flowers, trees, and bees and apiary products) for off-site sale in locations where retail sales are an allowed use. Crop agriculture may be a principal or accessory use.
Community Supported Agriculture	An area of land managed and maintained by an individual or group of individuals to grow and harvest food and/or horticultural products for shareholder consumption or for sale or donation.
Accessory	
Accessory use (generally)	A use customarily incidental and subordinate to the principal use or building and located on the same lot with the principal use or building.
Accessory commercial uses	Commercial uses that are accessory to multi-family residential buildings.
Accessory farm use	Buildings, corrals, coops, stables or structures used in conjunction with farming or ranching.
Accessory schools	An educational use, such as a kindergarten, that is accessory to a multi-family residential building.
Accessory retail and personal service, office, or recreational use	A retail, office, or recreational use that is subordinate to and incidental to the primary use, that primarily serves the employees of the primary use.
Caretaker or guard	A home, apartment, manufactured home, or other unit built to residential occupancy standards for use as the residence of the caretaker or guard.
Construction yard	A temporary area used for the storage of construction materials, supplies, equipment, tools, stock piling and recycling of useable construction materials and other items as permitted including temporary storage containers, construction trailers and temporary office trailers.
Home occupation	A commercial use conducted within a dwelling unit by its resident(s), which is clearly secondary to the use of the dwelling for living purposes, and which does not change the residential character of the dwelling unit or its surroundings.
Model home complex / temporary real estate sales office	A "model home complex" is a group of at least two (2) dwelling units that are temporarily used for display purposes as an example of dwelling units available or to be available for sale or rental in a particular subdivision or other residential development approved by the City. Model homes may also incorporate sales or rental offices for dwellings within the development. A "temporary real estate sales office" is an office or a model home used to sell homes or buildings while the property is under development. The sales may occur in a permanent building, or in a trailer or manufactured home.
Parking garage, private	A space intended for or used by the private automobiles of households, businesses, government or non-business entities resident on the lot.
Pharmacy, accessory	A pharmacy or pharmacy supply facility accessory to a medical office, clinic, or laboratory that sells medical items where the total square footage does not exceed 10% of the building square footage. The accessory pharmacy is contained within the principal medical building.

Recreational facility, accessory	A recreational facility for the exclusive use of members and their guests, or solely for the use of employees of a permitted business use. This may include swimming pools, tennis courts, exercise facilities, and similar indoor activities. It does not include golf courses, which are classified separately.
Sign	See §89-90 (“Signs”)
Storage	Containers or bins that are used for on-site temporary storage generally for the purposes of moving.
Miscellaneous	
Temporary Uses	See §89-92 (“Temporary Uses”)

89-22 Overlay Districts

A set of regulations which apply to a specific geographic area in addition to the underlying zoning districts and existing zoning and development regulations is commonly known as an “overlay district.”

The Louisiana Avenue Zoning and Development Overlay District, The Louisiana Avenue Interstate 10 Zoning and Development Overlay District, and the University Avenue Zoning and Development Overlay District, shall remain in full force and effect. The standards for governing zoning and development within the overlay districts are set forth in Appendix A of this chapter.

DIRECTOR: Mary Sliman
Public Records Request

PLATTING OF LAND

Subdivision is the process of dividing one parcel of land into two or more parcels and involves the layout of a parcel of vacant land into lots, blocks, streets and public areas. A plat of property, following the approval of the Planning Commission, is recorded with the Lafayette Parish Clerk of Court.

Platting is used for managing community growth and for implementing the Comprehensive Plan. The rules and procedures for platting can be found in the subdivision regulations. These regulations are administered by the Development and Planning Department.

There are a number of reasons why developers and citizens alike seek plat approval by the Planning Commission. These include:

State law requires that prior to the sale or donation of any property, it must be platted and approved by the Planning Commission.

Lot purchasers have some degree of official protection simply because a uniform set of standards is used to review the subdivision prior to its legal registration.

Taxpayers and subdividers are assured through the approval process that all subdivisions will be constructed to established standards.

In order to obtain a permit for new residential or commercial construction, a plat of the property must have been approved or considered a "lot of record" by the Planning, Zoning and Development Department. There are three (3) avenues for plat approval:

[Planning Commission \(link to Planning Commission page\)](#)

[Hearing Examiner](#)

If the property being platted is five (5) acres or less in size, five (5) lots or less, and does not create any new public or private streets, then it can be reviewed through the Hearing Examiner process. The Hearing Examiner process takes approximately 10-15 days to complete.

The Director of the Development and Planning Department (or his/her designee) acts as the Hearing Examiner for the Planning Commission. The review process is the same as the Planning Commission, however, the approval time is shorter.

The Planning Commission must ratify all actions of the Hearing Examiner. Any action of the Hearing Examiner can be appealed to the Planning Commission.

PLANNING COMMISSION

If the property being platted is greater than five acres in size, or if five or more lots are being created, or if new public or private streets are being dedicated, then the plat must be approved by the Planning Commission.

Approval by the Planning Commission generally takes between 30-45 days to complete. Since the property being platted is usually a large tract of property, and new streets are being created, the review and approval time needs to be more detailed.

The plat is reviewed by the Areawide Development Review Committee (ADRC) for compliance with drainage, transportation, zoning, utilities, etc. The ADRC make a recommendation of approval, conditional approval or denial to the Planning Commission.

The Planning Commission holds a public hearing on the proposed development and votes to approve, conditionally approve or deny the development. Parish Commission meetings are held once a month, on the second Monday of the month at 5:00 p.m. City Commission meetings are held once a month, on the third Monday of the month at 5:00 p.m.

Applications for plat approval are accepted the first Thursday of the month. For an application please [click here](#).

PROPERTY ADDRESSES

The Development Division of the Department of Development and Planning issues municipal addresses for the City of Lafayette, unincorporated areas of Lafayette Parish, Carencro, Scott, and Youngsville. We have worked closely with the Geographic Information Services Division to create a Point Address Layer over the existing aerial photography. Citizens are able to identify property in Lafayette Parish by addresses and determine if it is located within the corporate limits of Lafayette, Carencro, Broussard, Duson, Scott, Youngsville or the Unincorporated Area of the Parish.

Master Street Index

Should you need to be issued a new property address, it must be issued from the office of Development and Planning.

BOARD & ZONING ADJUSTMENT (BOZA)

Site Approval and Requests for Variance of Zoning Regulations

Individuals and building contractors visit the Development Division of the Development and Planning Department to request Building Permits for residential construction, both new and remodeling. Planners review plans to insure that the proposed use is permitted in the property's zoning district and that such requirements as minimum building setbacks, parking, fencing, signage, and landscaping are met.

In some instances, when an applicant is unable to meet the requirements, he or she may apply to the Board of Zoning Adjustment (B.O.Z.A.) for a "Variance" of the specific requirement that would otherwise prevent development of a site. The Board meets monthly to consider and decide on these requests. Since action by the City-Parish Council is not required, a citizen can receive final action at the meeting and proceed with construction, within approximately 45 days.

Development and Planning Department
PO Box 4017-C
Lafayette, LA 70502

Please do not contact the individual Board members as it may be in violation of the Board's Rules of Policy and Procedure and may affect the outcome of any Board decision. If you feel it imperative to speak with a Board member prior to a meeting, contact the Development and Planning Department and we will relay your message to the member involved.

HEARING EXAMINER

If the property being platted is five (5) acres or less in size, five (5) lots or less, and does not create any new public or private streets, then it can be reviewed through the Hearing Examiner process. The Hearing Examiner process takes approximately 10-15 days to complete.

The Director of the Development and Planning Department (or his/her designee) acts as the Hearing Examiner for the Planning Commission. The review process is the same as the Planning Commission, however, the approval time is shorter.

The Planning Commission must ratify all actions of the Hearing Examiner. Any action of the Hearing Examiner can be appealed to the Planning Commission.
