Alex Fodor
NATIXIS REAL ESTATE CAPITAL LLC
1251 Avenue of Americas, 5th Floor
New York, New York 10020RE: Appraisal of The Boulevard Shopping Center
100-128 Arnould Boulevard
Lafayette, Lafayette Parish, Louisiana 70506
CBRE, Inc. File No. 14-361HO-4259-1

Dear Mr. Fodor:

At your request and authorization, CBRE, Inc. has prepared an appraisal of the market value of the referenced property. Our analysis is presented in the following Appraisal Report.

The subject is a 68,012 square foot retail property on a 5.098-acre site. The subject is located along the east side of Arnould Boulevard in the city of Lafayette, Lafayette Parish, Louisiana. The subject was originally constructed in 1976, with periodic renovations, the last being in 1994. The property is 96.3% occupied, with major tenants including Golfballs.com, Harbor Freight Tools, and Piccadilly.

Based on the analysis contained in the following report, the market value of the subject is concluded as follows:

MARKET VALUE CONCLUSION			
Appraisal Premise	Interest Appraised	Date of Value	Value Conclusion
As Is	Leased Fee Interest	August 15, 2014	\$5,540,000
Compiled by CBRE			

The report, in its entirety, including all assumptions and limiting conditions, is an integral part of, and inseparable from, this letter.

The following appraisal sets forth the most pertinent data gathered, the techniques employed, and the reasoning leading to the opinion of value. The analyses, opinions and conclusions were developed based on, and this report has been prepared in conformance with, the guidelines and recommendations set forth in the Uniform Standards of Professional Appraisal Practice (USPAP), the requirements of the Code of Professional Ethics and Standards of Professional Appraisal Practice of the Appraisal Institute. It also conforms to Title XI Regulations and the Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (FIRREA) updated in 1994 and further updated by the Interagency Appraisal and Evaluation Guidelines promulgated in 2010.

This report is addressed to Natixis Real Estate Capital LLC, such other persons as may be designed by Natixis Real Estate Capital LLC and their expressive successors and assigns. Special conditions include: (i) the Report may be relied upon by Natixis Real Estate Capital LLC in determining whether to make a loan evidenced by a note ("the Property Note") secured by the Property; (ii) the Report may be relied upon by any purchaser in determining whether to purchase the Property Note, (iii) the Report may be referred to in and included with materials offering for sale the Property Note or an interest in the Property Note, (iv) persons who acquire the Property Note or an interest in the Property Note may rely on the Report, (v) the Report speaks only as of its date in the absence of a specific written update of the Report signed and delivered by CBRE Inc.

The intended use and user of our report are specifically identified in our report as agreed upon in our contract for services and/or reliance language found in the report. No other use or user of the report is permitted by any other party for any other purpose. Dissemination of this report by any party to non-client, non-intended users does not extend reliance to any other party and CBRE will not be responsible for unauthorized use of the report, its conclusions or contents used partially or in its entirety.

It has been a pleasure to assist you in this assignment. If you have any questions concerning the analysis, or if CBRE can be of further service, please contact us.

Respectfully submitted,

CBRE - VALUATION & ADVISORY SERVICES

Certification

We certify to the best of our knowledge and belief:

1. The statements of fact contained in this report are true and correct.
2. The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions and are our personal, impartial and unbiased professional analyses, opinions, and conclusions.
3. We have no present or prospective interest in or bias with respect to the property that is the subject of this report and have no personal interest in or bias with respect to the parties involved with this assignment.
4. Our engagement in this assignment was not contingent upon developing or reporting predetermined results.
5. Our compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
6. This appraisal assignment was not based upon a requested minimum valuation, a specific valuation, or the approval of a loan.
7. Our analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice, as well as the requirements of the State of Louisiana.
8. The reported analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the requirements of the Code of Professional Ethics and Standards of Professional Appraisal Practice of the Appraisal Institute.
9. The use of this report is subject to the requirements of the Appraisal Institute relating to review by its duly authorized representatives.
10. As of the date of this report, J. John Gasparre, MAI has completed the continuing education program for Designated Members of the Appraisal Institute.
11. J. John Gasparre, MAI has made a personal inspection of the property that is the subject of this report.
12. Nate Ross provided real property appraisal assistance to the persons signing this report by preparing its initial draft.
13. Valuation & Advisory Services operates as an independent economic entity within CBRE, Inc. Although employees of other CBRE, Inc. divisions may be contacted as a part of our routine market research investigations, absolute client confidentiality and privacy were maintained at all times with regard to this assignment without conflict of interest.
14. J. John Gasparre, MAI has not provided any services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.

STRENGTHS, WEAKNESSES, OPPORTUNITIES AND THREATS (SWOT)

Strengths/ Opportunities

- The subject is currently 96.3% leased;
- The subject is located approximately three miles west of U.S. Highway 90, providing good regional access;
- The subject has frontage and good visibility along Johnston Street (U.S. Highway 167), a high traffic roadway in Lafayette;
- Most of the competing retail product in the area is well occupied;
- The tenants at the subject have been in occupancy for a number of years;
- The subject appears to have been well-maintained;
- The subject's trade area has exhibited moderate expansion over the recent past in population as well as moderate expansion in households. This trend is projected over the near- to mid-term with moderate expansion projected in population as well as moderate expansion in households. Analysis of the income data indicates that the trade area is generally comprised of middle-income groups;

Weaknesses/ Threats

- Although some tenants are national, most are not publicly traded companies or credit tenants;
- 100% of the GLA is scheduled to roll within the first four years from the date of value;
- Abundant retail competition within the immediate area;
- Susceptibility to boom and bust cycle in oil and gas industry;

EXTRAORDINARY ASSUMPTIONS

An extraordinary assumption is defined as "an assumption directly related to a specific assignment, as of the effective date of the assignment results, could alter the appraiser's opinions or conclusions."¹

- None noted

¹ The Appraisal Foundation, USPAP, 2014-2015 ed., U-3.

HYPOTHETICAL CONDITIONS

A hypothetical condition is defined as “that which is contrary to what exists but is supposed for the purpose of analysis. Hypothetical conditions assume conditions contrary to known facts about physical, legal, or economic characteristics of the subject property; or about conditions external to the property, such as market conditions or trends; or about the integrity of data used in an analysis.”²

- None noted

Introduction

OWNERSHIP AND PROPERTY HISTORY

Title to the property is currently vested in the name of Equity One LLC, who have owned the property for a number of years, according to the Lafayette Parish deed records. To the best of our knowledge, there has been no ownership transfer of the property during the previous three years.

The subject is currently one of three properties in a portfolio which is under agreement of sale to Azad Commercial Realty Services LLC, for a stated, individual consideration of \$5,100,000. The stated consideration of the entire portfolio is \$14,000,000. The appraised value herein is approximately 8% higher than the contract sale price. This difference is not considered material for properties such as the subject given it is being sold as part of a portfolio.

INTENDED USE OF REPORT

This appraisal is to be used for mortgage financing purposes, and no other use is permitted.

INTENDED USER OF REPORT

This report is addressed to Natixis Real Estate Capital LLC, such other persons as may be designed by Natixis Real Estate Capital LLC and their expressive successors and assigns. Special conditions include: (i) the Report may be relied upon by Natixis Real Estate Capital LLC in determining whether to make a loan evidenced by a note ("the Property Note") secured by the Property; (ii) the Report may be relied upon by any purchaser in determining whether to purchase the Property Note, (iii) the Report may be referred to in and included with materials offering for sale the Property Note or an interest in the Property Note, (iv) persons who acquire the Property Note or an interest in the Property Note may rely on the Report, (v) the Report speaks only as of its date in the absence of a specific written update of the Report signed and delivered by CBRE Inc.

Intended Users - the intended user is the person (or entity) who the appraiser intends will use the results of the appraisal. The client may provide the appraiser with information about other potential users of the appraisal, but the appraiser ultimately determines who the appropriate users are given the appraisal problem to be solved. Identifying the intended users is necessary so that the appraiser can report the opinions and conclusions developed in the appraisal in a manner that is clear and understandable to the intended users. Parties who receive or might receive a copy of the appraisal are not necessarily intended users. The appraiser's responsibility is to the intended users identified in the report, not to all readers of the appraisal report.³

³ Appraisal Institute, The Appraisal of Real Estate, 14th ed. (Chicago: Appraisal Institute, 2013), 50.

PURPOSE OF THE APPRAISAL

The purpose of this appraisal is to estimate the market value of the subject property

DEFINITION OF VALUE

The current economic definition of market value agreed upon by agencies that regulate federal financial institutions in the U.S. (and used herein) is as follows:

The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

1. buyer and seller are typically motivated;
2. both parties are well informed or well advised, and acting in what they consider their own best interests;
3. a reasonable time is allowed for exposure in the open market;
4. payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
5. the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.⁴

INTEREST APPRAISED

The value estimated represents the leased fee interest, and is defined as follows:

Leased Fee Interest - A freehold (ownership interest) where the possessory interest has been granted to another party by creation of a contractual landlord-tenant relationship (i.e., a lease).⁵

SCOPE OF WORK

This Appraisal Report is intended to comply with the reporting requirements set forth under Standards Rule 2 of USPAP. The scope of the assignment relates to the extent and manner in which research is conducted, data is gathered and analysis is applied. CBRE, Inc. completed the following steps for this assignment:

Extent to Which the Property is Identified

The property is identified through the following sources:

- postal address
- assessor's records
- legal description

⁴ Interagency Appraisal and Evaluation Guidelines; December 10, 2010, Federal Register, Volume 75 Number 237, Page 77472.

⁵ *Dictionary of Real Estate Appraisal*, 113.

Extent to Which the Property is Inspected

CBRE, Inc. inspected the interior and exterior of the subject, as well as its surrounding environs on the effective date of appraisal. CBRE, Inc. did not inspect the roof or mechanical areas but were informed by management they are in good working order.

Type and Extent of the Data Researched

CBRE reviewed the following:

- applicable tax data
- zoning requirements
- flood zone status
- demographics
- rent roll and operating statements
- comparable data

Type and Extent of Analysis Applied

CBRE, Inc. analyzed the data gathered through the use of appropriate and accepted appraisal methodology to arrive at a probable value indication via each applicable approach to value. The steps required to complete each approach are discussed in the methodology section.

RECENT PERFORMANCE

Strong growth in consumer services and manufacturing has Lafayette's expansion outpacing that of Louisiana. Tourism and healthcare are driving employment gains thanks to an accelerating regional recovery and favorable demographics. Machinery manufacturing is also chipping in, as demand for mining and petrochemical components from nearby Baton Rouge and Houma has boosted production. The unemployment rate has fallen to 3.9% despite an expanding labor force, suggesting that employment growth has been strong enough to draw individuals off the sidelines. Strength is not limited to the labor market: House price increases are outpacing the state average as rising incomes and an expanding population have boosted demand for single-family properties. Only a declining state government sector is preventing a complete recovery for the metro area.

ASSEMBLY LINES

The steady development of southern Louisiana's energy-related industries will support manufacturing. Gains are already apparent: Local factory payrolls are rising more than twice as fast as the U.S. average. Additional hiring is likely, as metro area laborers are already working more hours than their in-state peers. Access to an expansive rail, road and waterway transportation infrastructure has Lafayette well-positioned to serve Gulf of Mexico drilling in Houma, liquid natural gas exports in Lake Charles, and petrochemical manufacturing in Baton Rouge. An influx of investment and strong international demand has lifted the outlook for all three industries. Gains will accumulate particularly for local manufacturers that specialize in large-scale machinery and component production. Given that many of these pieces are custom built for specific facilities, local payrolls are relatively well-insulated from automation. Manufacturing hiring will continue through at least late 2017.

TOURISM AND TECH

An expanding service sector will compliment growth in manufacturing and energy. Leisure, hospitality and retail have powered gains this year, as rising wages in goods-producing industries have freed up discretionary income. While the growth is encouraging, many of the jobs created are low paying and temporary, limiting spillover to other industries. More promising opportunities exist in high-value-added medical and technology services. Local healthcare providers will be busy in the coming decades since the share of Lafayette's population over the age of 65 is expected to expand steadily. Beyond healthcare, multiple technology firms are moving into the area. Enquero, a Silicon Valley-based software development firm, plans to employ more than 300 information technology professionals. In addition, CGI hopes to create 400 developer jobs when it opens its new technology center at the University of Louisiana-Lafayette. These jobs are well-paying and uncorrelated to oil and gas prices, thereby helping to diversify Lafayette's industrial mix away from the energy cycle.

REAL ESTATE

An improving jobs outlook and positive migration trends will bolster the housing market. The tight inventory of existing homes is leading to a runup in building activity. Single-family permit issuance has nearly doubled since 2012. Construction payrolls have swelled as homebuilding has commenced. The upswing is likely to continue as median household income, the key determinant for house price growth, will steadily rise in the coming years. Real-estate valuations will perform in line with the Louisiana average through decade's end.

CONCLUSION

Machinery manufacturing and an improving service industry support Lafayette's upbeat near-term outlook. Gulf of Mexico drilling will boost energy payrolls while an expanding cluster of technology firms adds to the metro area's industrial mix. Yet, long term, below-average population growth and a dependence on goods production will leave Lafayette trailing the U.S.

Neighborhood Analysis

LOCATION

The subject is located in the city of Lafayette and is considered a suburban location.

BOUNDARIES

The neighborhood boundaries of the neighborhood are not differentiated or exact, but generally encompass a two to three-mile radius around the subject property.

The Neighborhood boundaries are as follows:

North:	Cameron Street
South:	Vermilion River
East:	Evangeline Thruway
West:	Ambassador Caffery Parkway

LAND USE

Land uses within the subject neighborhood consist of a mixture of commercial and institutional development. The immediate area surrounding the subject is mix of old and development. According to information obtained from Claritas, the vast majority of homes built within a one-mile radius of the subject were constructed from 1960 to 1989. The majority of the single-family residential development within a one-mile radius of the subject may be described as tract homes in the \$100,000 to \$300,000 price range. The median home value within a one-mile radius is about \$199,304.

Growth patterns have occurred along primary commercial thoroughfares such as Johnston Street, Ambassador Caffery Parkway, and Southeast Evangeline Thruway. The major retail development in the neighborhood is the Mall of Acadiana, located just south of the subject at the southwest corner of Ambassador Caffery parkway and Johnston Street. This regional mall totals 994,162 square feet and is anchored by Dillard's, JCPenney, Sears, and Macy's. The mall was constructed in 1979 and renovated in 2004.

Major developments in the subject's immediate vicinity include Acadiana Square, anchored by Stein Mart, T.J. Maxx, Office Depot, Toys R Us, Hobby Lobby and Bassett Furniture. There are numerous other shopping centers and freestanding retail that typically serve as satellite space near regional malls, such as Best Buy, Pep Boys Automotive, and Barnes & Noble along the south side of Johnston Street across from the subject. The subject neighborhood is best characterized as a heavily developed commercial corridor on the southwest side of Lafayette, surrounded by a clustering of bedroom communities, with most residents working in the Lafayette area.

GROWTH PATTERNS

Growth patterns have occurred along primary commercial thoroughfares such as Kaliste Saloom Road, Johnston Street, Ambassador Caffery Parkway, and Southeast Evangeline Thruway. The major retail development in the neighborhood is River Ranch. River Ranch is a 256-acre upscale Traditional Neighborhood Development (TND) in the subject's neighborhood, just off of Kaliste Saloom Road at the intersection with Camellia Boulevard and southwest of the subject property. This high-end, mixed-use development has been highly successful.

ACCESS

The neighborhood can be accessed from Interstate 10, which runs in an east-west direction, via U.S. Highway 90. U.S. Highway 90 is a fully accessible, four-six-lane highway that runs in a northwest/southeast direction.

DEMOGRAPHICS

Selected neighborhood demographics in 1-, 3-, and 5-mile radii from the subject are shown in the following table:

SELECTED NEIGHBORHOOD DEMOGRAPHICS			
100-128 Arnould Boulevard Lafayette, LA	1 Mile Radius	3 Mile Radius	5 Mile Radius

Annual Growth 2000 - 2010	1.51%	1.28%	1.40%
Income			
2014 Median HH Inc	\$41,087	\$44,841	\$44,759
2014 Estimated Average Household Income	\$61,936	\$70,489	\$70,566
2014 Estimated Per Capita Income	\$29,393	\$29,917	\$29,036
Age 25+ College Graduates - 2014	3,647	17,898	28,785
Age 25+ Percent College Graduates - 2014	41.2%	36.9%	32.1%
Source: Claritas			

CONCLUSION

As shown above, the population within the subject neighborhood has shown moderate growth over the past fourteen years. The neighborhood currently has a middle-income demographic profile with a median household income of \$44,841 within a three-mile radius of the subject. The outlook for the neighborhood is for moderate growth. As a result, the demand for existing developments is expected to be strong. The neighborhood appears to be well established and favorably accepted.

INGRESS/EGRESS

Ingress and egress is available to the site via two curb cuts along the northeast side of Arnould Boulevard and one curb cut along the north side of Johnston Street.

Arnould Boulevard, at the subject, is a northwest/southeast divided roadway that is improved with one lane of traffic in each direction. Street improvements include asphalt paving, concrete curbs, gutters and sidewalks, and street lighting. Street parking is not permitted.

Johnston Street, at the subject, is a northeast/southwest commercial street that is improved with two lanes of traffic in each direction as well as a middle turning lane. Street improvements include asphalt paving, concrete curbs, gutters and sidewalks, and street lighting. Street parking is not permitted.

Please refer to the prior survey for the layout of the streets that provide access to the subject property.

ENVIRONMENTAL ISSUES

CBRE, Inc. is not qualified to detect the existence of potentially hazardous material or underground storage tanks which may be present on or near the site. The existence of hazardous materials or underground storage tanks may affect the value of the property. For this appraisal, CBRE, Inc. has specifically assumed that the property is not affected by any hazardous materials that may be present on or near the property.

FLOOD ZONE

We are not experts in determining flood zone elevations, and we were not provided with a flood zone certificate for the subject. We are not experts in determining flood zone elevations, and we were not provided with a flood zone certificate for the subject. The reader is encouraged to consult with a professional engineer to determine the subject's actual flood zone status. Based on our review of FEMA Flood Panel No. 22055C0045G, dated January 19, 1996, the property appears to be in Zone X. FEMA defines the flood zone(s) as follows:

Zones C and X (unshaded) are flood insurance rate zones used for areas outside the 0.2-percent-annual-chance floodplain. No Base Flood Elevations (BFEs) or depths are shown in this zone, and insurance purchase is not required.

ADJACENT PROPERTIES

The adjacent land uses are summarized as follows:

North:	Brown's Furniture Showplace with other warehouse / storage facilities and residential housing beyond;
South:	MidSouth Bank with other commercial institutions and residential housing beyond;
East:	And Books Too small business with other individual commercial operations and residential housing beyond;
West:	On the Boulevard retail strip center with various commercial development beyond;

The adjacent properties are compatible uses and complimentary to the subject.

CONCLUSION

The site is well located and afforded average access and visibility from roadway frontage. The size of the site is typical for the area and use, and there are no known detrimental uses in the immediate vicinity. Overall, there are no known factors which are considered to prevent the site from development to its highest and best use, as if vacant, or adverse to the proposed use of the site.

IMPROVEMENTS LAYOUT

Improvements Analysis

The following chart shows a summary of the improvements.

IMPROVEMENTS SUMMARY		
Property Type	Retail	(Neighborhood/Community Center)
Number of Buildings	1	
Number of Stories	1	
Year Built	1976	Renovated: 1994
Gross Leasable Area	68,012 SF	
Area Breakdown by Market Rent Categories		
Large In-Line	41,415 SF	
Small In-Line	26,597 SF	
Major Tenants		
Golfballs.com	19,025 SF	
Harbor Freight Tools	11,950 SF	
Piccadilly	10,440 SF	
Site Coverage	30.6%	
Land-to-Building Ratio	3.26 : 1	
Parking Improvements	Open	
Total Spaces:	266	
Parking Ratio (per 1,000 SF GLA)	3.91	
Source: Various sources compiled by CBRE		

The subject is a 68,012 square foot retail property on a 5.098-acre site. The subject is located along the east side of Arnould Boulevard in the city of Lafayette, Lafayette Parish, Louisiana. The subject was originally constructed in 1976, with the last renovation being in 1994. The property is 96.3% occupied and consists of major tenants including Golfballs.com, Piccadilly, and Harbor Freight.

CONSTRUCTION CLASS

Building construction class is as follows:

C - Masonry/concrete ext. walls & wood/steel roof & floor struct., exc. concrete slab on grade

The overall quality of the facility is average for the neighborhood and age. However, CBRE, Inc. is not qualified to determine structural integrity and it is recommended that the client/reader retain the services of a qualified, independent engineer or contractor to determine the structural integrity of the improvements prior to making a business decision.

FOUNDATION/FLOOR STRUCTURE

The foundation is assumed to be of adequate load-bearing capacity to support the improvements. The floor structure is summarized as follows:

Ground Floor: Concrete slab on compacted fill

EXTERIOR WALLS

The exterior walls are a combination of brick and stucco. Retail storefronts are plate glass set in anodized aluminum frames.

ROOF COVER

The building has a flat, built-up roof over metal decking and joists.

INTERIOR FINISHES

The typical interior finish of the retail shop space is summarized as follows:

Floor Coverings:	Commercial grade vinyl tile over concrete.
Walls:	Textured and painted sheetrock.
Ceilings:	Combination textured and painted sheetrock and suspended acoustical tile.
Lighting:	Standard commercial fluorescent fixtures.
Summary:	The interior areas are typical building standard retail finish, and commensurate with competitors in the area.

BALCONY/MEZZANINE/PATIO AREAS

None.

ELEVATOR/STAIR SYSTEM

The subject represents a ground floor retail use. As such, there are no elevators or stairwells.

HVAC

The HVAC system is assumed to be in good working order and adequate for the buildings.

ELECTRICAL

The electrical system is assumed to be in good working order and adequate for the buildings.

PLUMBING

The plumbing system is assumed to be in good working order and adequate for the buildings.

FIRE PROTECTION

It is assumed the improvements have adequate fire alarm systems, fire exits, fire extinguishers, fire escapes and/or other fire protection measures to meet local fire marshal requirements. CBRE, Inc. is not qualified to determine adequate levels of safety and fire protection, whereby it is recommended that the client/reader review available permits, etc. prior to making a business decision.

PARKING AND DRIVES

The property features an adequate number of surface parking spaces, including reserved handicapped spaces. All parking spaces and vehicle drives are asphalt paved and in average condition. Patron parking areas are along the front and sides of the buildings. The number of parking spaces is legally non-conforming due to the shortfall in required spaces.

LANDSCAPING

The landscaping is in average condition.

PAD SITE IMPROVEMENTS

None.

FUNCTIONAL UTILITY

The overall layout of the property is considered functional in utility and provides adequate accessibility and visibility to the individual retail spaces.

ADA COMPLIANCE

All common areas of the property are assumed to have handicap accessibility. The client/reader's attention is directed to the specific limiting conditions regarding ADA compliance.

FURNITURE, FIXTURES AND EQUIPMENT

Any personal property items contained in the property are not considered in to contribute significantly to the overall value of the real estate.

ENVIRONMENTAL ISSUES

CBRE, Inc. is not qualified to detect the existence of any potentially hazardous materials such as lead paint, asbestos, urea formaldehyde foam insulation, or other potentially hazardous construction materials on or in the improvements. The existence of such substances may affect the value of the property. For the purpose of this assignment, we have specifically assumed that any hazardous materials that would cause a loss in value do not affect the subject.

DEFERRED MAINTENANCE

Our inspection of the property indicated no major items of deferred maintenance.

ECONOMIC AGE AND LIFE

CBRE, Inc.'s estimate of the subject improvements effective age and remaining economic life upon completion is depicted in the following chart:

ECONOMIC AGE AND LIFE	
Actual Age	38 Years
Effective Age	20 Years
MVS Expected Life	45 Years
Remaining Economic Life	25 Years
Accrued Physical Incurable Depreciation	44.4%
Compiled by CBRE	

The remaining economic life is based upon our on-site observations and a comparative analysis of typical life expectancies as published by Marshall and Swift, LLC, in the Marshall Valuation Service cost guide. While CBRE, Inc. did not observe anything to suggest a different economic life, a capital improvement program could extend the life expectancy.

CONCLUSION

The improvements are in average overall condition. Overall, there are no known factors that adversely impact the marketability of the improvements.

Zoning

The following chart summarizes the subject's zoning requirements.

ZONING SUMMARY	
Current Zoning	BG, General Business
Legally Conforming	Yes
Uses Permitted	A variety of commercial uses serving neighborhoods and community needs
Zoning Change	Not likely
Category	Zoning Requirement
Minimum Lot Size	None
Minimum Lot Width	None
Maximum Height	None
Minimum Setbacks	
Front Yard	20 Feet
Street Side Yard	None
Interior Side Yard	None
Rear Yard	None
Maximum Bldg. Coverage	None
Maximum FAR/Density	None
Subject's Actual FAR	0.31 : 1
Parking Requirements	4 spaces / 1,000 SF of Bldg.
Subject's Actual Parking	3.9 spaces / 1,000 SF of Bldg.
Source: City of Lafayette Planning Dept.	

ANALYSIS AND CONCLUSION

The improvements represent a legally non-conforming use due to its parking deficit and, if damaged, may require a special permit application. However, we are not experts in the interpretation of complex zoning ordinances. It is recommended that additional information be obtained from the appropriate governmental authority. For purposes of this appraisal, CBRE has assumed the information obtained is correct.

ZONING MAP

Tax and Assessment Data

The following summarizes the local assessor's estimate of the subject's market value, assessed value, and taxes, and does not include any furniture, fixtures or equipment. The CBRE estimated tax obligation is also shown.

AD VALOREM TAX INFORMATION			
Assessor's Market Value	2013	2014	Pro Forma
6053097	\$3,437,193	\$3,437,193	
6028633	376,420	376,420	
6052267	136,100	136,100	
Subtotal	\$3,949,713	\$3,949,713	\$3,949,713
Assessed Value @	13%	13%	13%
	\$504,647	\$504,647	\$504,647
General Tax Rate (per \$1,000 A.V.)	100.30	100.30	100.30
Total Taxes	\$50,616	\$50,616	\$50,616
Source: Lafayette Parish Assessor's Office			

Commercial properties in the State of Louisiana are assessed at 10% of the market value for land and 15% of the market value for improvements. The sale of the property would likely initiate a re-assessment. The assessor determines market value based on sales of similar type properties. The local Assessor's methodology for valuation is to put a property on the tax rolls for 100% of the sale price, although this is not always the case. It is noted that assessors in this area typically reflect a market value assessment between 75% and 85% of market value and generally do not escalate assessments to the full purchase prices. Many assessors consider this "cushion" to help reduce property tax appeals and special circumstances associated with purchase price adjustments. Typically assessed values do not represent the leased fee value and do not normally consider contract rental rates or the tenant's creditworthiness in valuing properties for tax rolls.

DELINQUENCY

According to a representative of Lafayette Parish, there are no delinquent property taxes encumbering the subject.

TAX COMPARABLES

As a crosscheck to the subject's applicable real estate taxes, CBRE, Inc. has reviewed the real estate tax information according to Lafayette Parish for comparable properties in the market area. The following table summarizes the comparables employed for this analysis:

AD VALOREM TAX COMPARABLES				
Comparable Rental	3501 Ambassador Caffery	4232 Ambassador Caffery Parkway	5620 Johnston Street	Subject
Year Built	1982	2006	1980	1976
GLA (SF)	187,678	119,480	105,832	68,012
Tax Year	2013	2013	2013	Pro Forma
Total Assessed Value	\$740,652	\$1,119,150	\$833,390	\$504,647
AV Per SF (GLA)	\$3.95	\$9.37	\$7.87	\$7.42
Source: Assessor's Office				

CONCLUSION

Based on the foregoing comparable properties, the total taxes for the subject have been estimated at \$50,616 for the base year of our analysis, based upon an assessment of \$504,647 or \$7.42 per square foot. The subject's assessed market value is equal to 77% of the pending sales price, which is consistent with the assessor's methodology outlined above. Under the lease terms, the tenants are responsible for payment of all real estate taxes. Therefore, any change in tax liability relative to the concluded expense level should have no material impact on the concluded market value.

Market Analysis

The market analysis forms a basis for assessing market area boundaries, supply and demand factors, and indications of financial feasibility. Primary data sources utilized for this analysis includes *The CoStar Retail Report* for the Lafayette market as of the 2nd Quarter 2014, the most recent available.

The subject is in the Lafayette market and consists of a and is considered a Class B neighborhood retail center that has a primary trade area of approximately three miles. According to the Urban Land Institute (ULI) (in *Dollars & Cents of Shopping Centers*), the following retail property definitions may be applicable towards the subject:

A shopping center is defined as a group of commercial establishments planned, developed, owned, and managed as a unit related in location, size, and type of shops to the trade area it serves. It provides on-site parking relating to the types and sizes of its stores.

Types of specific shopping centers are further defined below:

A neighborhood center provides for the sale of convenience goods (foods, drugs and sundries) and personal services (laundry and dry cleaning, barbering, shoe repair, etc.) for the day-to-day living needs of the immediate neighborhood. It is built around a supermarket as the principal tenant and typically contains a gross leasable area of about 60,000 square feet. In practice, it may range in size from 30,000 to 100,000 square feet.

DEMOGRAPHIC ANALYSIS

Demand for retail properties is a direct function of demographic characteristics analyzed on the following pages.

Housing, Population and Household Formation

The following table illustrates the population and household changes for the subject neighborhood with primary focus on the three-mile radius.

POPULATION AND HOUSEHOLD PROJECTIONS			
	1 Mile Radius	3 Mile Radius	5 Mile Radius
Population			
2019 Population	14,520	78,797	146,131
2014 Population	14,159	76,474	140,812
2010 Population	13,903	74,704	136,638
2000 Population	12,271	67,875	123,373
Annual Growth 2014 - 2019	0.50%	0.60%	0.74%
Annual Growth 2010 - 2014	0.13%	0.17%	0.22%
Annual Growth 2000 - 2010	1.26%	0.96%	1.03%
Households			
2019 Households	6,890	33,671	60,618
2014 Households	6,719	32,456	57,940
2010 Households	6,593	31,441	55,623
2000 Households	5,677	27,694	48,425
Annual Growth 2014 - 2019	0.50%	0.74%	0.91%
Annual Growth 2010 - 2014	0.14%	0.23%	0.29%
Annual Growth 2000 - 2010	1.51%	1.28%	1.40%
Source: Claritas			

As shown, the subject's neighborhood is experiencing moderate positive increases in both population and households.

Income Distributions

Household income available for expenditure on consumer items is a primary factor in determining the retail supply and demand levels in a given market area. In the case of this study, a projection of household income identifies (in gross terms) the market from which the subject submarket draws. The following table illustrates estimated household income distribution for the subject neighborhood.

HOUSEHOLD INCOME DISTRIBUTION			
Households by Income Distribution - 2014	1 Mile Radius	3 Mile Radius	5 Mile Radius
Less than \$15K	18.90%	18.48%	18.48%
\$15K - \$25K	14.48%	12.26%	12.24%
\$25K - \$35K	10.63%	10.57%	10.74%
\$35K - \$50K	13.96%	12.81%	12.64%
\$50K - \$75K	15.91%	17.32%	16.58%
\$75K - \$100K	9.45%	8.53%	8.84%
\$100K - \$150K	10.40%	10.51%	10.50%
\$150K - \$250K	3.48%	5.22%	5.84%
\$250K - \$500K	1.82%	2.74%	2.77%
\$500K or more	0.98%	1.56%	1.37%

Source: Claritas

The following table illustrates the median and average household income levels for the subject neighborhood.

HOUSEHOLD INCOME LEVELS			
Income	1 Mile Radius	3 Mile Radius	5 Mile Radius
2014 Median HH Inc	\$41,087	\$44,841	\$44,759
2014 Estimated Average Household Income	\$61,936	\$70,489	\$70,566
2014 Estimated Per Capita Income	\$29,393	\$29,917	\$29,036

Source: Claritas

An analysis of the income data indicates that the submarket is generally comprised of lower-middle income economic cohort groups, which include the target groups to which the subject is oriented. The foregoing figures may be skewed downward by the nearby student population at University of Louisiana Lafayette.

Retail Sales Volumes

The following table illustrates retail sales for the subject's market area at given radii intervals from the subject.

RETAIL EXPENDITURES (\$000's)									
SUBJECT'S SUBMARKET									
Product Sample	1 Mile Radius			3 Mile Radius			5 Mile Radius		
	2014	2019	%/Yr	2014	2019	%/Yr	2014	2019	%/Yr

Source: Claritas

The annual rate of change for All Retail Stores is indicated as 1.1%, 1.5% and 1.7% on a 1-, 3-, and 5-mile radii, respectively. When excluding the Auto Dealers category, the rate of change for all retail is 1.5%, 1.9% and 2.1%, respectively. As noted, demand for all retail products is expected to increase over the next five years. The following table shows the range of growth and/or contraction and corresponding category for each radius.

RETAIL EXPENDITURE TRENDS

Minimum Growth Categories

Auto Dealers (1 Mile Radius)	-0.9%
Auto Dealers (3 Mile Radius)	-0.5%
Auto Dealers (5 Mile Radius)	-0.1%

Maximum Growth Categories

Camera/Photographic Supply Stores (1 Mile Radius)	8.0%
Camera/Photographic Supply Stores (3 Mile Radius)	7.8%
Camera/Photographic Supply Stores (5 Mile Radius)	8.1%

Source: Claritas

Outlook

Based on this analysis, the immediate area surrounding the subject is projected to experience moderate increases relative to households, population, income levels and retail expenditures into the near future. Given the area demographics, it appears that demand for both comparable surrounding area retail properties and the subject will continue to be favorable.

MARKET OVERVIEW

The following discussion illustrates some general observations in the surrounding retail market.

Market Summary

According to the 2nd Quarter 2014 Lafayette Retail Report, published by CoStar, the Lafayette retail market did not experience much change in market conditions in the second quarter 2014. The vacancy rate went from 4.3% in the previous quarter to 4.2% in the current quarter. Net absorption was positive 8,489 square feet. Quoted rental rates increased from first quarter 2014 levels, ending at \$11.70 per square foot per year. No retail space was delivered to the market in the quarter, with 108,000 square feet still under construction at the end of the quarter.

Total retail inventory in the Lafayette market area amounted to 12,574,791 square feet in 896 buildings and 64 centers as of the end of the second quarter 2014. The subject is located within the "Greater Lafayette" submarket. Total retail market statistics for the Lafayette area and the area submarkets are shown in the following table:

General Retail Market Statistics						Mid-Year 2014			
Market	Existing Inventory		Vacancy			YTD Net	YTD	Under	Quoted
	# Bldgs	Total GLA	Direct SF	Total SF	Vac %	Absorption	Deliveries	Const SF	Rates
CBD	119	704,795	15,579	15,579	2.2%	500	0	0	\$14.50

Absorption

Retail net absorption was slightly positive in Lafayette second quarter 2014, with positive 8,489 square feet absorbed in the quarter. In first quarter 2014, net absorption was positive 29,005 square feet, while in fourth quarter 2013, absorption came in at positive 22,697 square feet. In third quarter 2013, negative (47,268) square feet was absorbed in the market.

Tenants moving out of large blocks of space in 2014 include: Clarion Inn Lafayette Airport moving out of 7,800 square feet at Clarion Inn Lafayette Airport.

Tenants moving into large blocks of space in 2014 include: Boot Barn moving into 15,652 square feet at 3300 Ambassador Caffery Parkway and Guitar Center moving into 6,500 square feet at Acadiana Square.

Vacancy

Lafayette's retail vacancy rate decreased in the second quarter 2014, ending the quarter at 4.2%. Over the past four quarters, the market has seen an overall decrease in the vacancy rate, with the rate going from 4.7% in the third quarter 2013, to 4.5% at the end of the fourth quarter 2013, 4.3% at the end of the first quarter 2014, to 4.2% in the current quarter.

The amount of vacant sublease space in the Lafayette market has trended down over the past four quarters. At the end of the third quarter 2013, there was no vacant sublease space. Currently, there is none vacant in the market.

Rental Rates

Average quoted asking rental rates in the Lafayette retail market are up over previous quarter levels, and up from their levels four quarters ago. Quoted rents ended the second quarter 2014 at \$11.70 per square foot per year. That compares to \$11.51 per square foot in the first quarter 2014, and \$11.26 per square foot at the end of the third quarter 2013. This represents a 1.7% increase in rental rates in the current quarter, and a 3.76% increase from four quarters ago.

New Construction

During the second quarter 2014, no new space was completed in the Lafayette retail market. Over the past four quarters, a total of 7,431 square feet of retail space has been built in Lafayette. In addition to the current quarter, nothing was completed in first quarter 2014, one building totaling 7,431 square feet completed in fourth quarter 2013, and nothing completed in third quarter 2013.

There was 108,000 square feet of retail space still under construction at the end of the second quarter 2014.

Submarket Trends

Occupancy levels in the subject submarket have ranged from approximately 90% to 96% over the past few years. New product delivered to the submarket is anticipated to be minimal over the next couple of years and net absorption is projected to remain positive. Consequently, the submarket will likely continue to generally track the overall market in terms of occupancy performance for the near to mid-term.

The following table presents the recent retail market trends for the subject's "Greater Lafayette" submarket over the past few years.

Period	Existing Inventory		Vacancy		Net Absorption	Delivered Inventory		UC Inventory		Quoted Rates
	# Bldgs	Total RBA	Vacant SF	Vacancy %		# Bldgs	Total RBA	# Bldgs	Total RBA

The overall market area has experienced increasing occupancy rates over the past two years, while rents have remained relatively flat.

Barriers to Entry

Most land at major commercial intersections in the area has already been developed and most new development is a redevelopment of a former use. There are vacant tracts of land available for sale, but these are at secondary intersections or typically have no corner location. Zoning tends to limit new construction combined with the overall lack of quality developable sites in the subject's immediate area tends to limited new development.

Demand Generators

The subject's greatest demand generator is its proximity to employment centers in the area, local hospitals and the University. Additional demand generators are population, purchasing power and traffic in the area. The southern and western sections of the Lafayette area have shown moderate to significant growth over the past five years and there has been some new commercial development within the immediate area recently. Most of the other new development in the area is occurring in the southern portion of Lafayette near the intersection with Ambassador Caffery and Johnston Street, Kaliste Saloom, and around the Acadiana Mall or near River Ranch.

With respect to the subject property in particular, due to the historical and forecasted housing and population increases, the demand for commercial properties has also increased. These factors combined with its location are positive features for the subject property.

Investment Trends

According to the *2nd Quarter 2014 PwC Real Estate Investor Survey*, sales of strip shopping centers continue to surge even though underlying fundamentals continue to illustrate a slow-moving recovery for the bulk of this sector. Based on data from Real Capital Analytics, the U.S. retail sector recorded \$22.9 billion in sales in the first quarter of 2014, more than double a year ago. At the same time, however, the Survey reveals an increase in this market's average overall cap rate, suggesting guarded investor optimism for this sector.

Ownership challenges in this market largely relate to leasing issues, such as weak tenant credit, re-leasing difficulties, the rising cost of tenant improvements, and an inability to raise rents. "I question whether some tenants can afford current rent levels," says a participant. This quarter, the average initial-year market rent change rate dips 19 basis points for the national strip shopping center market – the first quarterly decline in over a year.

Due to sluggish rent growth and lackluster tenant demand, some shopping center owners are facing foreclosure, which could open up acquisition opportunities for eager buyers. "It's a great time to take advantage of grocery-anchored centers that are in financial trouble, but otherwise well-occupied," comments an investor.

COMPETITIVE PROPERTIES

Comparable properties were surveyed in order to identify the current occupancy within the competitive market. The comparable data is summarized in the following table:

SUMMARY OF COMPARABLE RETAIL RENTALS

Comp. No.	Name	Location	Occupancy
1	Westwood Village Shopping Center	2429 West Congress Street, Lafayette, LA	97%
2	Acadiana Square Shopping Center	NW/C Ambassador Caffery & Johnston St., Lafayette, LA	89%
3	Acadian Village Shopping Center	1875-1899 W Pinhook Road, Lafayette, LA	89%
4	Ambassador Row Shopping Center	3501 Ambassador Caffery Pkwy, Lafayette, LA	97%
5	Winn Dixie Shopping Center	NW Corner of Ambassador Caffery Parkway and Dulles Drive, Lafayette, LA	92%
Subject	The Boulevard Shopping Center	100-128 Arnould Boulevard, Lafayette, Louisiana	96%
Compiled by CBRE			

The majority of comparable properties surveyed reported occupancy rates of 89% or better, and all are currently in average to good condition. The overall weighted occupancy rate for the comparable properties is 93.1%.

SUBJECT ANALYSIS

Tenant Analysis

The subject is considered a Class B community shopping center. The center's major tenants are discussed below:

Golfballs.com

The following is taken directly from the company's corporate website (www.golfballs.com):

"Golfballs.com is an online leader in golf customization. In 1995, an idea and hobby became the first e-commerce business in Louisiana. Initially selling only used golf balls, the company has transitioned over the years into one of the leading golf Internet retailers on the web - with a strong focus on customized products. We no longer carry used golf balls but instead now offer a complete selection of new golf balls, caps, shoes, bags, clubs and more from golf's top manufacturers. Golfballs.com offers a full selection of golf equipment across the United States and worldwide direct from our office in Lafayette, Louisiana.

Our focus is to provide customers with the ability to easily, quickly and affordably personalize golf gear. Golfers can choose from a variety of ways to customize their golf balls with everything from their name or funny message, to a personal photo or company logo, or imprint a personalized ball-alignment aid. We also offer custom embroidered golf hats, shirts, bags and more. We have a full-service Corporate & Events team that assists businesses and organizations in adding their logo onto golf balls and other golf equipment. Approximately 60% of our overall business is customized in some way.”

As a private company, no financial or credit rating information is available for Golfballs.com

Harbor Freight Tools

The following is taken directly from the company’s corporate website (www.harborfreight.com):

“In 1977, when Harbor Freight Tools was started as a small family-owned business, we made a commitment to provide working people with great quality tools at the lowest prices. And for over 35 years, Harbor Freight Tools has done just that. From hand tools and generators, to air and power tools, from shop equipment to automotive tools, Harbor Freight offers more than 7,000 tools and accessories at quality levels that match or exceed competing brands, but at prices that are up to 80% less.

We buy direct from the same factories who supply the expensive brands and pass the savings on to you. It's just that simple! Visit one of our 500 Stores Nationwide and see for yourself why over 25 million satisfied customers and leading automotive and consumer magazines keep talking about our great quality and unbeatable prices.

We test our tools in our own state-of-the-art labs, just like those operated by leading consumer advocate organizations. We put our tools through punishing tests, which far exceed the strain of normal use, ensuring that our tools perform to professional standards and stay tough for the long haul. Most importantly, when it comes to quality, we walk the walk - with a 100% satisfaction guarantee, no hassle return policy and a lifetime warranty on all hand tools.

With over 500 stores and over 25 million satisfied customers, Harbor Freight Tools continues to grow, but we're still family owned and for over 3 decades our mission has remained the same: deliver an incredible assortment of great quality tools at the lowest prices. See for yourself - stop by one of our 500 stores today and discover why Harbor Freight Tools is the place to go for all of your tool needs.”

As a private company, no financial or credit rating information is available for Harbor Freight Tools.

Absorption

The subject property is currently operating at stabilized occupancy level and therefore no absorption analysis is required.

Occupancy

The subject's occupancy is detailed in the following chart.

OCCUPANCY	
Year	% PGI
Current	96%
CBRE Estimate	95%
Compiled by CBRE	

Based on the foregoing analysis, CBRE, Inc.'s conclusion of stabilized occupancy for the subject is illustrated in the following table. This estimate considers both the physical and economic factors of the market.

OCCUPANCY CONCLUSIONS	
Lafayette Area	95.8%
Submarket	95.6%
Rent Comparables	93.1%
Subject's Current Occupancy	96.3%
Subject's Stabilized Occupancy	95.0%
Compiled by CBRE	

Our concluded stabilized occupancy appears reasonably justified for the following reasons:

- The subject is currently 96.3% leased;
- The subject is located approximately three miles west of U.S. Highway 90, providing good regional access;
- The subject has frontage and good visibility along Johnston Street (U.S. Highway 167), a high traffic roadway in Lafayette;
- Most of the competing retail product in the area is well occupied;
- The tenants at the subject have been in occupancy for a number of years;
- The subject appears to have been well-maintained;
- The subject's trade area has exhibited moderate expansion over the recent past in population as well as moderate expansion in households. This trend is projected over the near- to mid-term with moderate expansion projected in population as well as moderate expansion in households. Analysis of the income data indicates that the trade area is generally comprised of middle-income groups

CONCLUSION

The area retail market is exhibiting stable occupancy levels and rental rates, while maintaining favorable absorption in recent years. Considering the recent trends in absorption and the prospects for new construction, the local market area should maintain a stabilized occupancy position. The addition of new product to the market may create minor downward pressure on occupancy and on owners' ability to obtain the effective rental increases of the past several years. However, the long-term projection for the subject market is for steady performance with growth possible in pockets.

Highest and Best Use

In appraisal practice, the concept of highest and best use represents the premise upon which value is based. The four criteria the highest and best use must meet are:

- legally permissible;
- physically possible;
- financially feasible; and
- maximally productive.

The highest and best use analysis of the subject is discussed below.

AS VACANT

Legally Permissible

The legally permissible uses were discussed in the Site Analysis and Zoning Sections.

Physically Possible

The subject is adequately served by utilities, and has an adequate shape and size, sufficient access, etc., to be a separately developable site. There are no known physical reasons why the subject site would not support any legally probable development (i.e. it appears adequate for development). Existing structures on similar sites provides additional evidence for the physical possibility of development.

Financially Feasible

The determination of financial feasibility is dependent primarily on the relationship of supply and demand for the legally probable land uses versus the cost to create the uses. As discussed in the market analysis of this report, the subject retail market is generally stabilized. The Lafayette retail market experienced a slight improvement in market conditions in the second quarter 2014. The vacancy rate went from 4.3% in the previous quarter to 4.2% in the current quarter. Net absorption was positive 8,489 square feet. There was 108,000 square feet of under construction at the end of the quarter. These factors indicate that it would be financially feasible to complete a new retail project only if the site acquisition cost was low enough to provide an adequate developer's profit. Additionally, build-to-suit developments could be currently cost feasible after securing tenancy and financing requirements, as evidenced by new construction in the market, which includes Ambassador Crossing and the proposed Ambassador Town Center.

Maximally Productive

The final test of highest and best use of the site as if vacant is that the use be maximally productive, yielding the highest return to the land. In the case of the subject as if vacant, the analysis has indicated that a new retail project would be most appropriate.

CONCLUSION: HIGHEST AND BEST USE AS VACANT

Based on the information presented above and upon information contained in the market and neighborhood analysis, we conclude that the highest and best use of the subject as if vacant would be the development of a retail project, after securing tenancy and financing arrangements or development on a build-to-suit basis.

AS IMPROVED

Legally Permissible

The site is improved with a retail development that is a legal, non-conforming use.

Physically Possible

The layout and positioning of the improvements are considered functional for retail use. While it would be physically possible for a wide variety of uses, based on the legal restrictions and the design of the improvements, the development of the property for retail users would be the most functional use.

Financially Feasible

The financial feasibility of a retail property is based on the amount of rent which can be generated, less operating expenses required to generate that income; if a residual amount exists, then the land is being put to a productive use. Based upon the income capitalization approach conclusion, the subject is producing a positive net cash flow and continued utilization of the improvements for retail purposes is considered financially feasible.

Maximally Productive

The maximally profitable use of the subject as improved should conform to neighborhood trends and be consistent with existing land uses. Although several uses may generate sufficient revenue to satisfy the required rate of return on investment and provide a return on the land, the single use that produces the highest price or value is typically the highest and best use. Buildings that are similar to the subject have been acquired or continue to be used by retail owners/tenants. None of the comparable buildings have been acquired for conversion to an alternative use. These comparables would indicate that the maximally productive use of the property is consistent with the current use as a retail property.

CONCLUSION: HIGHEST AND BEST USE AS IMPROVED

Based on the foregoing, the highest and best use of the property, as improved, is consistent with the current use as a retail development.

Appraisal Methodology

In appraisal practice, an approach to value is included or omitted based on its applicability to the property type being valued and the quality and quantity of information available.

COST APPROACH

The cost approach is based on the proposition that the informed purchaser would pay no more for the subject than the cost to produce a substitute property with equivalent utility. This approach is particularly applicable when the property being appraised involves relatively new improvements that represent the highest and best use of the land, or when it is improved with relatively unique or specialized improvements for which there exist few sales or leases of comparable properties.

SALES COMPARISON APPROACH

The sales comparison approach utilizes sales of comparable properties, adjusted for differences, to indicate a value for the subject. Valuation is typically accomplished using physical units of comparison such as price per square foot, price per unit, price per floor, etc., or economic units of comparison such as gross rent multiplier. Adjustments are applied to the physical units of comparison derived from the comparable sale. The unit of comparison chosen for the subject is then used to yield a total value. Economic units of comparison are not adjusted, but rather analyzed as to relevant differences, with the final estimate derived based on the general comparisons.

INCOME CAPITALIZATION APPROACH

The income capitalization approach reflects the subject's income-producing capabilities. This approach is based on the assumption that value is created by the expectation of benefits to be derived in the future. Specifically estimated is the amount an investor would be willing to pay to receive an income stream plus reversion value from a property over a period of time. The two common valuation techniques associated with the income capitalization approach are direct capitalization and the discounted cash flow (DCF) analysis.

METHODOLOGY APPLICABLE TO THE SUBJECT

In valuing the subject, only the sales comparison and income capitalization approaches are applicable and have been used. The cost approach is not applicable in the estimation of market value due to the age of the improvements and the difficulty of accurately estimating accrued depreciation. In addition, potential investors do not rely on this approach as part of their acquisition criteria. The exclusion of the cost approach is not considered to compromise the credibility of the results rendered herein. An insurable value has been included at the request of the client.

Insurable Value

Insurable value is defined as follows:

1. the value of an asset or asset group that is covered by an insurance policy; can be estimated by deducting costs of noninsurable items (e.g., land value) from market value.
2. value used by insurance companies as the basis for insurance. Often considered to be replacement or reproduction cost plus allowances for debris removal or demolition less deterioration and noninsurable items. Sometimes cash value or market value, but often entirely a cost concept.⁶
3. a type of value for insurance purposes.⁷

CBRE, Inc. has followed traditional appraisal standards to develop a reasonable calculation based upon industry practices and industry-accepted publications such as the Marshall Valuation Service. The methodology employed is a derivation of the cost approach and is not reliable for insurable value estimates. Actual construction costs and related estimates can vary greatly from this estimate.

The insurable value estimate presented herein is intended to reflect the value of the destructible portions of the subject, based on the replacement of physical items that are subject to loss from hazards (excluding indestructible items such as basement excavation, foundation, site work, land value and indirect costs). In the case of the subject, this estimate is based upon the base building costs (direct costs) as obtained via the Marshall Valuation Service cost guide, with appropriate deductions.

This analysis should not be relied upon to determine proper insurance coverage as only consultants considered experts in cost estimation and insurance underwriting are qualified to provide an insurable value. It is provided to aid the client/reader/user as part of their overall decision making process and no representations or warranties are made by CBRE, Inc. regarding the accuracy of this estimate. It is strongly recommended that other sources be utilized to develop any estimate of insurable value.

Compiled by CBRE

The sales utilized represent the best data available for comparison with the subject. Due to the dearth of comparable sales in Lafayette, we expanded our search throughout the state. These sales were chosen based upon their physical similarities to the subject.

DISCUSSION/ANALYSIS OF IMPROVED SALES

Improved Sale One

This comparable is a 98,457-square-foot neighborhood/community shopping center on a 10.1-acre parcel at 151-395 West Main, League City, TX. The improvements were originally constructed in 1980 and were considered in average condition at the time of sale. The exterior walls depict masonry construction components. The property sold in January 2014 for \$5,525,000, or \$56.12 per square foot. Existing net operating income at the time of sale was \$652,484, or \$6.63 per square foot, for an overall capitalization rate of 11.81%. Occupancy at the time of sale was 84%. This property is located at the southwest corner of West Main Street (FM 518) and State Highway 3 in League City. Palais Royal is occupying part of the space formerly occupied by a grocery store that vacated the center. The available space includes some long narrow areas that are difficult to lease because of the anchor depth to the space. The Family Dollar store had an option to vacate if the grocery store vacated and this location is secondary to the freeway. Palais Royal, Goodwill and Family Dollar provide 56% of the net operating income. According to the leasing agent, the asking rents range from \$6.00 to \$15.00 psf based on the size and location in the center. The property was listed for sale at \$6,600,000. The transaction included 4.397-acres of excess land that was valued at \$475,000. We have deducted this amount from the purchase price to reflect the net cost of the shopping center.

The upward market conditions (time) adjustment reflects the improved market conditions since the date of sale. The upward adjustment for location reflects this comparable being situated in a less heavily populated area with fewer barriers to entry. Upon comparison with the subject, this comparable was larger and received an upward adjustment for this characteristic due to the economies of scale that inure to larger properties. Overall, this comparable was deemed inferior in comparison to the subject and an upward net adjustment was warranted to the sales price indicator.

Improved Sale Two

This comparable represents a 68,857-square-foot neighborhood/community shopping center on a 8.16-acre parcel at 4227 Denny Avenue, Pascagoula, MS. The improvements were originally constructed in 1987 and were considered in average condition at the time of sale. The exterior walls depict masonry construction components. The property sold in December 2013 for \$3,900,000, or \$56.64 per square foot. Existing net operating income at the time of sale was \$414,973, or \$6.03 per square foot, for an overall capitalization rate of 10.64%. Occupancy at the time of sale was 100%. The improvements were constructed in 1987 and are situated on an 8.170-acre site. The property is anchored by Big Lots who occupies a 42,057 square foot space.

The upward market conditions (time) adjustment reflects the improved market conditions since the date of sale. The upward adjustment for location reflects this comparable being situated in a less heavily populated area with fewer barriers to entry. Overall, this comparable was deemed inferior in comparison to the subject and an upward net adjustment was warranted to the sales price indicator.

Improved Sale Three

This comparable is a 128,167-square-foot neighborhood/community shopping center on a 22.64-acre parcel at 1007-1047 North Pine Street, DeRidder, LA. The improvements were originally constructed in 1968 and were considered in average condition at the time of sale. The exterior walls depict masonry construction components. The property sold in October 2013 for \$7,303,220, or \$56.98 per square foot. Existing net operating income at the time of sale was \$443,311, or \$3.46 per square foot, for an overall capitalization rate of 6.07%. Occupancy at the time of sale was 71%. The property initially had a non-binding LOI for \$5,750,000. The buyer plans on spending \$1,953,220 for site/building repairs and facade renovation, including \$917,700 on improvements to a 37,871 square foot space that is currently vacant but was previously used as a grocery store. This cost is added to the sale price to arrive at the cash equivalent sale price.

The upward market conditions (time) adjustment reflects the improved market conditions since the date of sale. The upward adjustment for location reflects this comparable being situated in a less heavily populated area with lower effective buying income. Upon comparison with the subject, this comparable was larger and received an upward adjustment for this characteristic. Overall, this comparable was deemed inferior in comparison to the subject and an upward net adjustment was warranted to the sales price indicator.

Improved Sale Four

This comparable represents a 138,033-square-foot neighborhood/community shopping center on a 13.61-acre parcel at 2429 West Congress Street, Lafayette, LA. The improvements were originally constructed in 1981 and were considered in average condition at the time of sale. The exterior walls depict EIFS construction components. The property sold in October 2013 for \$14,100,000, or \$102.15 per square foot. Existing net operating income at the time of sale was \$1,110,142, or \$8.04 per square foot, for an overall capitalization rate of 7.87%. Occupancy at the time of sale was 99%. The subject site is located at the southeast corner of Congress Street and Bertrand Drive. The center is anchored by Rouses Markets. Other major tenants include Stage and a freestanding CVS Pharmacy. It is noted the subject comprises a leasehold interest, as the underlying ground is leased for a remaining term of approximately 12 months, with four, 10-year renewal options that extend the term to August 24, 2054. Rouse's also pays percentage rent, which was approximately \$0.80 psf in 2012.

The upward adjustment for inferior property rights conveyed is attributable to this property representing a leasehold interest. The upward market conditions (time) adjustment reflects the improved market conditions since the date of sale. Upon comparison with the subject, this comparable was larger and received an upward adjustment for this characteristic. An adjustment for traffic counts/exposure was considered appropriate for this comparable given its location along a more heavily traveled road. Because of this superior trait, a downward adjustment was considered appropriate. With respect to tenancy, this comparable was considered superior in this aspect and received a downward adjustment because of its credit. Overall, this comparable was deemed superior in comparison to the subject and a downward net adjustment was warranted to the sales price indicator.

Improved Sale Five

This comparable is a 98,586-square-foot neighborhood/community shopping center on a 10.0-acre parcel at 1540-1558 MLK Blvd., Houma, LA. The improvements were originally constructed in 1991 and were considered in average condition at the time of sale. The exterior walls depict masonry construction components. The property sold in September 2011 for \$8,500,000, or \$86.22 per square foot. Pro forma net operating income at the time of sale was \$828,750, or \$8.41 per square foot, for an overall capitalization rate of 9.75%. Known as the Houma Power Center, the improvements consist of a one-story shopping center anchored by Old Navy and Michael's. The property was 100% leased at the time of the sale, although several tenants have short remaining lease terms. Within three miles, the 2011 population is estimated at 43,546 and the median household income was \$50,607.

The upward adjustment for inferior property rights conveyed is attributable to a number of leases at this property being older and below market. The upward market conditions (time) adjustment reflects the improved market conditions since the date of sale. The upward adjustment for location reflects this comparable being situated in a less heavily populated area with fewer barriers to entry. Upon comparison with the subject, this comparable was larger and received an upward adjustment for this characteristic. In terms of age/condition, this comparable was judged superior due to its more recent date of construction and received a downward adjustment for this characteristic. With respect to tenancy, this comparable was considered superior in this aspect and received a downward adjustment because of its credit. Overall, this comparable was deemed superior in comparison to the subject and a downward net adjustment was warranted to the sales price indicator.

SUMMARY OF ADJUSTMENTS

DISCUSSION/ANALYSIS OF RENT COMPARABLES

Rent Comparable One

This comparable represents a 138,033-square-foot neighborhood/community retail facility at 2429 West Congress Street, Lafayette, LA. The improvements were originally constructed in 1981 and were considered in average condition at the time of our research. The structure's exterior walls depict eifs construction components and the parking surface is considered open. According to a representative for this property, asking base rent is \$20.00 per square foot annually, based upon a typical lease term of 10 years. Expenses are based upon a triple net structure with a pass-thru amount of \$4.51. No free rent was quoted. The property is currently 97% leased. The site is located at the southeast corner of Congress Street and Bertrand Drive. The center is anchored by Rouses Markets. Other major tenants include Stage and a freestanding CVS Pharmacy. It is noted the subject comprises a leasehold interest, as the underlying ground is leased for a remaining term of approximately 12 months, with four, 10-year renewal options that extend the term to August 24, 2054. Rouse's also pays percentage rent, which was approximately \$0.80 psf in 2012.

In comparison to the subject, this property was generally superior with respect to location and age/condition. The comparable is considered similar in terms of construction quality. Overall, this comparable was superior in comparison to the subject and a downward adjustment was required.

Rent Comparable Two

This comparable represents a 227,000-square-foot neighborhood/community retail facility at NW/C Ambassador Caffery & Johnston St., Lafayette, LA. The improvements were originally constructed in 1991 and were considered in average condition at the time of our research. The structure's exterior walls depict masonry construction components and the parking surface is considered open asphalt. The center is anchored by OfficeMax, with other major tenants including Books A Million, Stein Mart, and TJ Maxx. According to a representative for this property, asking base rent is \$16.00 per square foot annually, based upon a typical lease term of 5 years. Expenses are based upon a triple net structure. No free rent was quoted. The property is currently 100% leased. This represents an anchored shopping center located just west of the NWC of Ambassador Caffery and Johnston Street. Anchor rents range from \$8.00-\$12.00 per square foot.

In comparison to the subject, this property was generally superior with respect to construction quality, age/condition, and location. Upward adjustments to the market rent were required due to improving market conditions since the lease commencement date. Overall, this comparable was superior in comparison to the subject and a net downward adjustment was required.

Rent Comparable Three

This comparable represents a 61,000-square-foot neighborhood/community retail facility at 1875-1899 W Pinhook Road, Lafayette, LA. The improvements were originally constructed in 1975 and were considered in average condition at the time of our research. The structure's exterior walls depict eifs construction components and the parking surface is considered open. The center is anchored by Office Depot. According to a representative for this property, asking base rent is \$12.00 per square foot annually, based upon a typical lease term of 5 years. Expenses are based upon a triple net structure. No free rent was quoted. The property is currently 100% leased.

In comparison to the subject, this property was generally similar with respect to age/condition, design appeal, and location. Overall, this comparable was similar in comparison to the subject and no net adjustment was required.

Rent Comparable Four

This comparable represents a 187,678-square-foot neighborhood/community retail facility at 3501 Ambassador Caffery Pkwy, Lafayette, LA. The improvements were originally constructed in 1982 and were considered in average condition at the time of our research. The structure's exterior walls depict brick veneer construction components and the parking surface is considered open asphalt. The center is anchored by Big Lots, JoAnn Fabrics, Chuck E Cheese, Planet Fitness and KW Smith Furniture. According to a representative for this property, asking base rent is \$11.25 per square foot annually, based upon a typical lease term of 5 years. Expenses are based upon a triple net structure. No free rent was quoted, however a tenant improvement allowance of \$10.00 per square foot is typically provided. The property is currently 82% leased. This is a well-maintained center with a good retail location in Lafayette but is in need of some deferred maintenance.

In comparison to the subject, this property was generally similar with respect to construction quality, age/condition, and location. Overall, this comparable was similar in comparison to the subject and no net adjustment was required.

Rent Comparable Five

This comparable represents a 85,694-square-foot neighborhood/community retail facility at NW Corner of Ambassador Caffery Parkway and Dulles Drive, Lafayette, LA. The improvements were originally constructed in 1996 and were considered in average condition at the time of our research. The structure's exterior walls depict eifs construction components and the parking surface is considered open. The center is anchored by Winn-Dixie, with other major tenants including Rite Aid, Family Dollar, Cato and Ace Cash Express. According to a representative for this property, asking base rent is \$13.00 per square foot annually, based upon a typical lease term of 5 years. Expenses are based upon a triple net structure with a pass-thru amount of \$3.00. No free rent was quoted. The property is currently 92% leased.

In comparison to the subject, this property was generally similar with respect to construction quality, age/condition, and location. Overall, this comparable was similar in comparison to the subject and no net adjustment was required.

MARKET RENT ESTIMATE

Base Rental Rate

The estimate of base rental rates is shown in the following chart.

BASE RENTAL RATES		
Category	Large In-Line	Small In-Line
Rent Comparable Data	\$5.50-\$15.60	\$10.25-\$23.00
CBRE Estimate	\$8.00	\$13.00
Compiled by CBRE		

Concessions

The estimate of concessions is shown in the following chart.

CONCESSIONS		
Category	Large In-Line	Small In-Line
Rent Comparable Data	None	None
CBRE Estimate	None	None
Compiled by CBRE		

Reimbursements

The estimate of reimbursements is shown in the following chart.

REIMBURSEMENTS		
Category	Large In-Line	Small In-Line
Rent Comparable Data	NNN	NNN
CBRE Estimate	NNN	NNN
Compiled by CBRE		

Escalations

At the present time, annual escalations are common in the local market for inline space. As such, we have estimated rental escalations of 3.0% annually over the term of the lease for small in-line spaces (less than 10,000 square feet). For larger spaces, we incorporate 10% escalations every five years.

Tenant Improvements

The estimate of tenant improvements is shown in the following chart.

TENANT IMPROVEMENTS		
Category	Large In-Line	Small In-Line
Rent Comparable Data		
New Tenants	As Is - \$10.00	As Is - \$10.00
Renewals	As is - \$5.00	As is - \$5.00
CBRE Estimate

VACANCY

The subject's estimated stabilized occupancy rate was previously discussed in the market analysis. The subject's vacancy is detailed as follows:

VACANCY	
Year	% PGI
Current	4%
CBRE Estimate	5%
Compiled by CBRE	

The vacancy estimate for the subject is on the basis of a 5% deduction applied against all scheduled rental revenues.

CREDIT LOSS

The credit loss estimate is an allowance for nonpayment of rent or other income. The subject's credit loss is detailed as follows:

CREDIT LOSS	
Year	% PGI
CBRE Estimate	1.0%
Compiled by CBRE	

PERCENTAGE RENT INCOME

According to the lease documents, some of the leases have a provision requiring percentage rent payments. That is, in addition to the base rental charges, the tenant is responsible for paying the landlord additional rent equal to a specified percentage of the tenant's gross sales made in, upon, or from the premises. Typically, percentage rent is paid only if the gross sales exceed a breakpoint factor, usually calculated based on the annual basic rental charge divided by the percentage rent amount. Percentage rent clauses are negotiable, however, and can vary significantly between tenants and shopping centers.

Percentage rents are not typically included in analyses performed by investors in the current market when analyzing perspective centers for acquisition, unless substantial historical data supports otherwise. Therefore, for this assignment, we have not included any percentage rental income due to the uncertainty involved.

EXPENSE REIMBURSEMENTS

The subject's leases are typically based on a triple net structure whereby the tenant reimburses the owner for a pro rata share of various expenses. Those expenses considered to be eligible for reimbursement are as follows:

REIMBURSED EXPENSES
Real Estate Taxes
Property Insurance
Common Area Maintenance
Compiled by CBRE

The subject's expense reimbursements are detailed as follows:

EXPENSE REIMBURSEMENTS		
Year	Total	\$/SF
2012	\$146,185	\$2.15
2013	\$134,734	\$1.98
2014 Annualized	\$142,002	\$2.09
2014 Budget	\$140,792	\$2.07
CBRE Estimate	\$127,493	\$1.87
Compiled by CBRE		

Our estimate is based on current market conditions and the subject's leasing assumptions contained herein.

EFFECTIVE GROSS INCOME

The subject's effective gross income is detailed as follows:

EFFECTIVE GROSS INCOME		
Year	Total	\$/SF
2012	\$761,357	\$11.19
2013	\$755,804	\$11.11
2014 Annualized	\$731,976	\$10.76
2014 Budget	\$694,311	\$10.21
CBRE Estimate	\$744,751	\$10.95
Compiled by CBRE		

Our estimate of effective gross income is consistent with its recent history.

OPERATING EXPENSE ANALYSIS

Expense Comparables

The following chart summarizes expenses obtained from recognized industry publications and/or comparable properties.

EXPENSE COMPARABLES			
Comparable Number	1	2	3
Location	Louisiana	Louisiana	Louisiana
GLA (SF)	138,033	49,600	144,638
Expense Year	2012	2012	2012
Effective Gross Income	\$12.96	\$10.90	\$9.38
Expenses	\$/SF	\$/SF	\$/SF
Real Estate Taxes	\$0.52	\$0.67	\$1.44
Property Insurance	0.24	0.47	0.67
Common Area Maintenance	1.38	0.40	0.62
Management Fee	0.52	0.43	0.39
(as a % of EGI)	4.0%	3.9%	4.2%
Nonreimbursable Landlord Expense	-	-	-
Operating Expenses	\$2.66	\$1.97	\$3.00
Operating Expense Ratio	20.5%	18.1%	32.0%
Source: Appraisers' files			

A discussion of each expense category is presented on the following pages.

Real Estate Taxes

The comparable data and projections for the subject are summarized as follows:

REAL ESTATE TAXES		
Year	Total	\$/SF
2012	\$51,575	\$0.76
2013	\$50,616	\$0.74
2014 Annualized	\$51,576	\$0.76
2014 Budget	\$52,134	\$0.77
Expense Comparable 1	N/A	\$0.52
Expense Comparable 2	N/A	\$0.67
Expense Comparable 3	N/A	\$1.44
CBRE Estimate	\$50,616	\$0.74
Compiled by CBRE		

Our estimate was discussed in the Tax and Assessment Data section of the appraisal.

Property Insurance

Property insurance expenses typically include fire and extended coverage and owner's liability coverage. The comparable data and projections for the subject are summarized as follows:

PROPERTY INSURANCE		
Year	Total	\$/SF
2012	\$15,457	\$0.23
2013	\$17,610	\$0.26
2014 Annualized	\$20,070	\$0.30
2014 Budget	\$18,138	\$0.27
Expense Comparable 1	N/A	\$0.24
Expense Comparable 2	N/A	\$0.47
Expense Comparable 3	N/A	\$0.67
CBRE Estimate	\$20,404	\$0.30
Compiled by CBRE		

Insurance expense tends to be very property specific. Therefore, we have utilized the subject's budgeted and historical amounts, which are supported by the comparable properties.

Common Area Maintenance

Common area maintenance expenses typically include utilities, parking lot sweeping and maintenance, and routine repairs and maintenance of the building and site improvements. The comparable data and projections for the subject are summarized as follows:

COMMON AREA MAINTENANCE		
Year	Total	\$/SF
2012	\$87,026	\$1.28
2013	\$61,402	\$0.90
2014 Annualized	\$64,911	\$0.95
2014 Budget	\$63,244	\$0.93
Expense Comparable 1	N/A	\$1.38
Expense Comparable 2	N/A	\$0.40
Expense Comparable 3	N/A	\$0.62
CBRE Estimate	\$64,611	\$0.95
Compiled by CBRE		

The estimate is supported by both the budgeted amount and the subject's recent history and is within the range exhibited by the comparable properties.

Management Fee

Management expenses are typically negotiated as a percentage of collected revenues (i.e., effective gross income). The comparable data and projections for the subject are summarized as follows:

MANAGEMENT FEE		
Year	Total	% EGI
2012	\$24,248	3.2%
2013	\$21,317	2.8%
2014 Annualized	\$17,685	2.3%
2014 Budget	\$27,772	4.0%
CBRE Estimate	\$22,343	3.0%
Compiled by CBRE		

Professional management fees in the local market range from 3.0% to 6.0%. Given the subject's size and the competitiveness of the local market area, we believe an appropriate management expense for the subject would be towards the lower end of the range.

Nonreimbursable Landlord Expense

Landlord expenses that are not eligible for tenant reimbursement typically include legal, accounting and partnership expenses. The subject's expense is detailed as follows:

NONREIMBURSABLE LANDLORD EXPENSE		
Year	Total	\$/SF
2012	\$1,085	\$0.02
2013	\$2,573	\$0.04
2014 Annualized	\$3,378	\$0.05
2014 Budget	\$2,650	\$0.04
Expense Comparable 1	N/A	\$0.00
Expense Comparable 2	N/A	\$0.00
Expense Comparable 3	N/A	\$0.00
CBRE Estimate	\$3,401	\$0.05
Compiled by CBRE		

Our estimate is consistent with the property's history. None of the comparables report this expense item.

OPERATING EXPENSE CONCLUSION

The comparable data and projections for the subject are summarized as follows:

OPERATING EXPENSES		
Year	Total	\$/SF
2012	\$201,934	\$2.97
2013	\$144,936	\$2.13
2014 Annualized	\$157,620	\$2.32
2014 Budget	\$163,938	\$2.41
Expense Comparable 1	N/A	\$2.66
Expense Comparable 2	N/A	\$1.97
Expense Comparable 3	N/A	\$3.00
CBRE Estimate	\$161,374	\$2.37
Compiled by CBRE		

The subject's per square foot operating expense pro forma is within the range of total per square foot operating expenses indicated by the expense comparables, and is consistent with its recent history.

NET OPERATING INCOME CONCLUSION

The comparable data and projections for the subject are summarized as follows:

NET OPERATING INCOME		
Year	Total	\$/SF
2012	\$559,423	\$8.23
2013	\$610,868	\$8.98
2014 Annualized	\$574,356	\$8.44
2014 Budget	\$530,373	\$7.80
CBRE Estimate	\$583,377	\$8.58
Compiled by CBRE		

Our pro forma estimate is consistent with its recent history and is considered reasonable.

DIRECT CAPITALIZATION

Direct capitalization is a method used to convert a single year's estimated stabilized net operating income into a value indication. The following subsections represent different techniques for deriving an overall capitalization rate.

Comparable Sales

The overall capitalization rates (OARs) confirmed for the comparable sales analyzed in the sales comparison approach are as follows:

COMPARABLE CAPITALIZATION RATES				
Sale	Sale Date	Sale Price \$/SF	Occupancy	OAR
1	Jan-14	\$60.94	84%	11.81%
2	Dec-13	\$56.64	100%	10.64%
3	Oct-13	\$56.98	71%	6.07%
4	Oct-13	\$102.15	99%	7.87%
5	Sep-11	\$86.22	100%	9.75%
Indicated OAR:			94%	6.07%-11.81%
Compiled by: CBRE				

The overall capitalization rates for these sales were derived based upon the actual or pro-forma income characteristics of the property. Some of these sales depict a somewhat similar tenancy structure with regard to stability, credit rating and pulling power, whereby some adjustments are required for these factors when compared with the subject.

Published Investor Surveys

The results of the most recent investor surveys are summarized in the following chart.

OVERALL CAPITALIZATION RATES		
Investment Type	OAR Range	Average
<i>CBRE Neighborhood Centers</i>		
Class A	4.00% - 8.00%	6.27%
Class B	4.50% - 9.50%	7.21%
Class C	5.00% - 11.00%	8.62%
<i>PwC Strip Shopping Center</i>		
National Data	5.00% - 10.00%	6.97%
Indicated OAR:		10.50%
Compiled by: CBRE		

The subject is considered to be a Class B property. Because of the subject's tenancy, age/condition, and secondary location, an OAR above the range indicated in the preceding table is considered appropriate.

Market Participants

The results of recent interviews with knowledgeable real estate professionals are summarized in the following table.

OVERALL CAPITALIZATION RATES - RETAIL			
Respondent	Company	OAR	Date of Survey
Investment Broker	SRSA Realty	10.50%-11.00%	Sep-14
Analyst	Stirling Properties	10.50%-11.50%	Sep-14
Indicated OAR:			10.50%-11.50%
Compiled by: CBRE			

In deriving an appropriate overall capitalization rate for the subject, market participants were interviewed and consulted to gather applicable information. Two active real estate professionals were interviewed and both anticipate pro forma OARs to fall within the 10.50% to 11.50% range.

Band of Investment

The band of the investment technique has been utilized as a crosscheck to the foregoing techniques. The Mortgage Interest Rate and the Equity Dividend Rate (EDR) are based upon current market yields for similar investments. The analysis is shown in the following table.

BAND OF INVESTMENT				
Mortgage Interest Rate	5.00%			
Mortgage Term (Amortization Period)	25 Years			
Mortgage Ratio (Loan-to-Value)	65%			
Mortgage Constant (monthly payments)	0.07015			
Equity Dividend Rate (EDR)	18%			
Mortgage Requirement	65%	x	0.07015	= 0.04560
Equity Requirement	35%	x	0.18000	= 0.06300
	100%			0.10860
Indicated OAR:				10.90%
Compiled by: CBRE				

Debt Coverage Ratio

The debt coverage ratio (DCR) is the ratio of net operating income to annual debt service and measures the ability of a given property to meet its debt service out of net operating income. Utilizing data obtained from knowledgeable mortgage finance professionals, the subject's projected NOI can be tested for reasonableness against the market's typical loan parameters to determine whether or not the DCR is positive. This analysis is shown in the following table.

DEBT COVERAGE RATIO ANALYSIS	
Estimated As Is Value	\$5,540,000
Mortgage Ratio (Loan-to-Value)	65%
Estimated Mortgage Loan Amount	\$3,601,000
Mortgage Interest Rate	5.00%
Mortgage Term (Amortization Period)	25 Years
Mortgage Constant (monthly payments)	0.07015
Annual Debt Service (monthly payments)	\$252,613
Estimated NOI	\$583,377
Estimated Debt Coverage Ratio (DCR)	2.31
Market Debt DCR	1.40
Positive DCR? (Y or N)	Yes
Compiled by: CBRE	

Capitalization Rate Conclusion

The following chart summarizes the OAR conclusions.

OVERALL CAPITALIZATION RATE - CONCLUSION	
Source	Indicated OAR
Comparable Sales	6.07%-11.81%
National Investor Survey	10.50%
Market Participants	10.50%-11.50%
Band of Investment	10.90%
CBRE Estimate	10.50%
Compiled by: CBRE	

Overall, an OAR in the middle of the range is considered appropriate for the following reasons:

POSITIVE ATTRIBUTES

- The subject is currently 96.3% leased;
- The subject is located approximately three miles west of U.S. Highway 90, providing good regional access;
- The subject has frontage and good visibility along Johnston Street (U.S. Highway 167), a high traffic roadway in Lafayette;
- Most of the competing retail product in the area is well occupied;
- The tenants at the subject have been in occupancy for a number of years;
- The subject appears to have been well-maintained;
- The subject's trade area has exhibited moderate expansion over the recent past in population as well as moderate expansion in households. This trend is projected over the near- to mid-term with moderate expansion projected in population as well as moderate expansion in households. Analysis of the income data indicates that the trade area is generally comprised of middle-income groups;

NEGATIVE ATTRIBUTES

- Although some tenants are national, most are not publicly traded companies or credit tenants;
- 100% of the GLA is scheduled to roll within the first four years from the date of value;
- Abundant retail competition within the immediate area;
- Susceptibility to boom and bust cycle in oil and gas industry

Direct Capitalization Summary

A summary of the direct capitalization is illustrated in the following chart.

DIRECT CAPITALIZATION SUMMARY

Income		\$/SF/Yr	Total
Potential Rental Income		\$9.66	\$656,657
Vacancy	5.00%	(0.48)	(32,833)
Credit Loss	1.00%	(0.10)	(6,567)
Net Rental Income		\$9.08	\$617,258
Expense Reimbursements		1.87	127,493
Effective Gross Income		\$10.95	\$744,751
Expenses			
Real Estate Taxes		\$0.74	\$50,616
Property Insurance		0.30	20,404
Common Area Maintenance		0.95	64,611
Management Fee	3.00%	0.33	22,343

DISCOUNTED CASH FLOW ANALYSIS (DCF)

The DCF assumptions for the subject are summarized as follows:

SUMMARY OF DISCOUNTED CASH FLOW ASSUMPTIONS			
General Assumptions			
Start Date	Aug-14		
Terms of Analysis	10 Years		
Software	ARGUS		
Growth Rate Assumptions			
Income Growth	3.00%		
Expense Growth	3.00%		
Inflation (CPI)	3.00%		
Real Estate Tax Growth	3.00%		
Market Leasing Assumptions			
Category	Large In-Line	Small In-Line	
Market Rent (\$/SF/Yr.)	\$8.00	\$13.00	
Concessions	None	None	
Reimbursements	NNN	NNN	
Annual Escalation	10% every 5 yrs	0.03	
Tenant Improvements (New Tenants)	\$10.00	\$5.00	
Tenant Improvements (Renewals)	\$2.00	\$1.00	
Average Lease Term	10 Years	5 Years	
Renewal Probability	75%	75%	
Leasing Commissions (Cashed-Out)			
New Leases	5.0%	5.0%	
Renewal Leases	2.5%	2.5%	
Down Time Before New Tenant Leases	6 Months	6 Months	
Blended Down Time Between Leases	2 Months	2 Months	
Occupancy Assumptions			
Total Operating Expenses (\$/SF/Yr.)	\$2.37		
Current Occupancy	96.31%		
Stabilized Occupancy	95.00%		
Credit Loss	1.00%		
Stabilized Occupancy (w/Credit Loss)	94.00%		
Financial Assumptions			
Discount Rate	11.50%		
Terminal Capitalization Rate	11.00%		
Other Assumptions			
Cost of Sale	2.00%		
Compiled by CBRE			

Provided on the following pages is a discussion of additional assumptions used in the discounted cash flow analysis.

General Assumptions

The DCF analysis utilizes a 10-year projection period. This is consistent with current investor assumptions.

Growth Rate Assumptions

Published investor surveys are shown below.

SUMMARY OF GROWTH RATES			
Investment Type	Rent	Expenses	Inflation
U.S. Bureau of Labor Statistics (CPI-U) 10-Year Snapshot Average as of Jun-13			2.43%
<i>PwC Strip Shopping Center</i>			
National Data	1.97%	2.94%	n/a
<i>Market Participants</i>			
Investment Broker / SRSA Realty	3.00%	3.00%	3.00%
Private Investor / Confidential	3.00%	3.00%	3.00%
<i>Torto Wheaton National Average</i>	0.0%	n/a	n/a
CBRE Estimate	3.00%	3.00%	3.00%
Compiled by: CBRE			

Leasing Assumptions

The contract lease terms for the existing tenants are utilized within the DCF analysis, with market leasing assumptions applied for renewals and absorption tenants. All subsequent years vary according to the growth rate assumptions applied to the Year 1 estimate.

LEASING COMMISSIONS

The following table presents the leasing commissions prevalent in the market as derived through the comparable properties and our pro forma estimate. In estimating the market rate for leasing commissions, primary emphasis has been placed on market trends.

LEASING COMMISSIONS		
Category	Large In-Line	Small In-Line
Rent Comparables and/or Broker Data		
New Tenants	3.0%-6.0%	3.0%-6.0%
Renewals	1.0%-3.0%	1.0%-3.0%
CBRE Estimate		
New Tenants	5.0%	5.0%
Renewals	2.5%	2.5%
Compiled by CBRE		

RENEWAL PROBABILITY

The renewal probability incorporated within the market leasing assumptions has been estimated at 75%. This rate is considered reasonable based on the rent comparable data, a survey of market participants, and our analysis of actual leasing activity at the subject property.

DOWNTIME BETWEEN LEASES

The downtime estimate at lease rollover incorporated within the market leasing assumptions has been estimated at 6 months. This rate is considered reasonable based on the rent comparable data, a survey of market participants and the subject.

Occupancy Assumptions

For purposes of this analysis, CBRE has used downtime between leases to derive a vacancy estimate.

Financial Assumptions**DISCOUNT RATE ANALYSIS**

The results of the most recent investor surveys are summarized in the following chart.

DISCOUNT RATES		
Investment Type	Rate Range	Average
<i>CBRE Neighborhood Centers</i>		
Class A	6.00% - 17.00%	8.94%
Class B	4.86% - 19.31%	10.67%
Class C	n/a - n/a	n/a
<i>PwC Strip Shopping Center</i>		
National Data	5.50% - 11.00%	8.06%
<i>Market Participants</i>		
Investment Broker / SRSA Realty	11.00% - 12.00%	11.50%
Analyst / Stirling Properties	11.50% - 12.50%	12.00%
CBRE Estimate		11.50%
Compiled by: CBRE		

The subject is considered to be a Class B property. Based on the table above, we have utilized a discount rate of 11.50%

TERMINAL CAPITALIZATION RATE

The reversionary value of the subject is based on an assumed sale at the end of the holding period based on capitalizing the Year 11 NOI at a terminal capitalization rate.

TERMINAL CAPITALIZATION RATES		
Investment Type	Rate Range	Average
<i>PwC Strip Shopping Center</i>		
National Data	5.25% - 10.00%	7.33%
<i>Market Participants</i>		
Investment Broker / SRSA Realty	11.00% - 11.50%	11.25%
Analyst / Stirling Properties	11.00% - 12.00%	11.50%
CBRE Estimate		11.00%
Compiled by: CBRE		

Discounted Cash Flow Conclusion

The DCF schedule and value conclusions are depicted on the following page.

CASH FLOW REPORT BEGINNING SEPTEMBER 1, 2014

For the Years Ending	Year 1 Aug-2015	Year 2 Aug-2016	Year 3 Aug-2017	Year 4 Aug-2018	Year 5 Aug-2019	Year 6 Aug-2020	Year 7 Aug-2021	Year 8 Aug-2022	Year 9 Aug-2023	Year 10 Aug-2024	Reversion Aug-2025
Potential Gross Revenue											
Base Rental Revenue	\$655,307	\$685,652	\$722,540	\$707,655	\$727,912	\$740,235	\$765,056	\$787,604	\$807,678	\$821,290	\$836,531
Absorption & Turnover Vacancy	-51,378	-30,382	-3,207	-37,570		-34,792	-3,368	-3,219	-28,092		-51,041

Reconciled Value Indication (Rounded): \$5,530,000
Value Per Square Foot: \$81.31

CONCLUSION OF INCOME CAPITALIZATION APPROACH

The conclusions via the valuation methods employed for this approach are as follows:

INCOME CAPITALIZATION APPROACH VALUES	
Direct Capitalization Method	\$5,550,000
Discounted Cash Flow Analysis	\$5,530,000
Reconciled Value	\$5,540,000
Compiled by CBRE	

Equal weight has been placed on both approaches to value due to the stable income stream of the property. The DCF reflects the leases more accurately; however, the capitalization rates used in the Direct Capitalization are better supported by the market than the terminal capitalization rate and discount rates used in the DCF analysis.

Reconciliation of Value

The value indications from the approaches to value are summarized as follows:

SUMMARY OF VALUE CONCLUSIONS	
Sales Comparison Approach	\$5,300,000
Income Capitalization Approach	\$5,540,000
Reconciled Value	\$5,540,000
Compiled by CBRE	

In the sales comparison approach, the subject is compared to similar properties that have been sold recently or for which listing prices or offers are known. The sales used in this analysis are considered comparable to the subject and the required adjustments were based on reasonable and well-supported rationale. In addition, market participants are currently analyzing purchase prices on investment properties as they relate to available substitutes in the market. Therefore, the sales comparison approach is considered to provide a reliable value indication, but has been given secondary emphasis in the final value reconciliation.

The income capitalization approach is applicable to the subject since it is an income producing property leased in the open market. Market participants are primarily analyzing properties based on their income generating capability. Therefore, the income capitalization approach is considered a reasonable and substantiated value indicator and has been given primary emphasis in the final value estimate.

Based on the foregoing, the market value of the subject has been concluded as follows:

MARKET VALUE CONCLUSION			
Appraisal Premise	Interest Appraised	Date of Value	Value Conclusion
As Is	Leased Fee Interest	August 15, 2014	\$5,540,000
Compiled by CBRE			

Assumptions and Limiting Conditions

1. Unless otherwise specifically noted in the body of the report, it is assumed that title to the property or properties appraised is clear and marketable and that there are no recorded or unrecorded matters or exceptions to title that would adversely affect marketability or value. CBRE, Inc. is not aware of any title defects nor has it been advised of any unless such is specifically noted in the report. CBRE, Inc., however, has not examined title and makes no representations relative to the condition thereof. Documents dealing with liens, encumbrances, easements, deed restrictions, clouds and other conditions that may affect the quality of title have not been reviewed. Insurance against financial loss resulting in claims that may arise out of defects in the subject's title should be sought from a qualified title company that issues or insures title to real property.
2. Unless otherwise specifically noted in the body of this report, it is assumed: that the existing improvements on the property or properties being appraised are structurally sound, seismically safe and code conforming; that all building systems (mechanical/electrical, HVAC, elevator, plumbing, etc.) are in good working order with no major deferred maintenance or repair required; that the roof and exterior are in good condition and free from intrusion by the elements; that the property or properties have been engineered in such a manner that the improvements, as currently constituted, conform to all applicable local, state, and federal building codes and ordinances. CBRE, Inc. professionals are not engineers and are not competent to judge matters of an engineering nature. CBRE, Inc. has not retained independent structural, mechanical, electrical, or civil engineers in connection with this appraisal and, therefore, makes no representations relative to the condition of improvements. Unless otherwise specifically noted in the body of the report: no problems were brought to the attention of CBRE, Inc. by ownership or management; CBRE, Inc. inspected less than 100% of the entire interior and exterior portions of the improvements; and CBRE, Inc. was not furnished any engineering studies by the owners or by the party requesting this appraisal. If questions in these areas are critical to the decision process of the reader, the advice of competent engineering consultants should be obtained and relied upon. It is specifically assumed that any knowledgeable and prudent purchaser would, as a precondition to closing a sale, obtain a satisfactory engineering report relative to the structural integrity of the property and the integrity of building systems. Structural problems and/or building system problems may not be visually detectable. If engineering consultants retained should report negative factors of a material nature, or if such are later discovered, relative to the condition of improvements, such information could have a substantial negative impact on the conclusions reported in this appraisal. Accordingly, if negative findings are reported by engineering consultants, CBRE, Inc. reserves the right to amend the appraisal conclusions reported herein.
3. Unless otherwise stated in this report, the existence of hazardous material, which may or may not be present on the property was not observed by the appraisers. CBRE, Inc. has no knowledge of the existence of such materials on or in the property. CBRE, Inc., however, is not qualified to detect such substances. The presence of substances such as asbestos, urea formaldehyde foam insulation, contaminated groundwater or other potentially hazardous materials may affect the value of the property. The value estimate is predicated on the assumption that there is no such material on or in the property that would cause a loss in value. No responsibility is assumed for any such conditions, or for any expertise or engineering knowledge required to discover them. The client is urged to retain an expert in this field, if desired.

We have inspected, as thoroughly as possible by observation, the land; however, it was impossible to personally inspect conditions beneath the soil. Therefore, no representation is made as to these matters unless specifically considered in the appraisal.

4. All furnishings, equipment and business operations, except as specifically stated and typically considered as part of real property, have been disregarded with only real property being considered in the report unless otherwise stated. Any existing or proposed improvements, on or off-site, as well as any alterations or repairs considered, are assumed to be completed in a workmanlike manner according to standard practices based upon the information submitted to CBRE, Inc. This report may be subject to amendment upon re-inspection of the subject subsequent to repairs, modifications, alterations and completed new construction. Any estimate of Market Value is as of the date indicated; based upon the information, conditions and projected levels of operation.

5. It is assumed that all factual data furnished by the client, property owner, owner's representative, or persons designated by the client or owner to supply said data are accurate and correct unless otherwise specifically noted in the appraisal report. Unless otherwise specifically noted in the appraisal report, CBRE, Inc. has no reason to believe that any of the data furnished contain any material error. Information and data referred to in this paragraph include, without being limited to, numerical street addresses, lot and block numbers, Assessor's Parcel Numbers, land dimensions, square footage area of the land, dimensions of the improvements, gross building areas, net rentable areas, usable areas, unit count, room count, rent schedules, income data, historical operating expenses, budgets, and related data. Any material error in any of the above data could have a substantial impact on the conclusions reported. Thus, CBRE, Inc. reserves the right to amend conclusions reported if made aware of any such error. Accordingly, the client-addressee should carefully review all assumptions, data, relevant calculations, and conclusions within 30 days after the date of delivery of this report and should immediately notify CBRE, Inc. of any questions or errors.
6. The date of value to which any of the conclusions and opinions expressed in this report apply, is set forth in the Letter of Transmittal. Further, that the dollar amount of any value opinion herein rendered is based upon the purchasing power of the American Dollar on that date. This appraisal is based on market conditions existing as of the date of this appraisal. Under the terms of the engagement, we will have no obligation to revise this report to reflect events or conditions which occur subsequent to the date of the appraisal. However, CBRE, Inc. will be available to discuss the necessity for revision resulting from changes in economic or market factors affecting the subject.
7. CBRE, Inc. assumes no private deed restrictions, limiting the use of the subject in any way.
8. Unless otherwise noted in the body of the report, it is assumed that there are no mineral deposit or subsurface rights of value involved in this appraisal, whether they be gas, liquid, or solid. Nor are the rights associated with extraction or exploration of such elements considered unless otherwise stated in this appraisal report. Unless otherwise stated it is also assumed that there are no air or development rights of value that may be transferred.
9. CBRE, Inc. is not aware of any contemplated public initiatives, governmental development controls, or rent controls that would significantly affect the value of the subject.
10. The estimate of Market Value, which may be defined within the body of this report, is subject to change with market fluctuations over time. Market value is highly related to exposure, time promotion effort, terms, motivation, and conclusions surrounding the offering. The value estimate(s) consider the productivity and relative attractiveness of the property, both physically and economically, on the open market.
11. Any cash flows included in the analysis are forecasts of estimated future operating characteristics are predicated on the information and assumptions contained within the report. Any projections of income, expenses and economic conditions utilized in this report are not predictions of the future. Rather, they are estimates of current market expectations of future income and expenses. The achievement of the financial projections will be affected by fluctuating economic conditions and is dependent upon other future occurrences that cannot be assured. Actual results may vary from the projections considered herein. CBRE, Inc. does not warrant these forecasts will occur. Projections may be affected by circumstances beyond the current realm of knowledge or control of CBRE, Inc.
12. Unless specifically set forth in the body of the report, nothing contained herein shall be construed to represent any direct or indirect recommendation of CBRE, Inc. to buy, sell, or hold the properties at the value stated. Such decisions involve substantial investment strategy questions and must be specifically addressed in consultation form.
13. Also, unless otherwise noted in the body of this report, it is assumed that no changes in the present zoning ordinances or regulations governing use, density, or shape are being considered. The property is appraised assuming that all required licenses, certificates of occupancy, consents, or other legislative or administrative authority from any local, state, nor national government or private entity or organization have been or can be obtained or renewed for any use on which the value estimates contained in this report is based, unless otherwise stated.

14. This study may not be duplicated in whole or in part without the specific written consent of CBRE, Inc. nor may this report or copies hereof be transmitted to third parties without said consent, which consent CBRE, Inc. reserves the right to deny. Exempt from this restriction is duplication for the internal use of the client-addressee and/or transmission to attorneys, accountants, or advisors of the client-addressee. Also exempt from this restriction is transmission of the report to any court, governmental authority, or regulatory agency having jurisdiction over the party/parties for whom this appraisal was prepared, provided that this report and/or its contents shall not be published, in whole or in part, in any public document without the express written consent of CBRE, Inc. which consent CBRE, Inc. reserves the right to deny. Finally, this report shall not be advertised to the public or otherwise used to induce a third party to purchase the property or to make a "sale" or "offer for sale" of any "security", as such terms are defined and used in the Securities Act of 1933, as amended. Any third party, not covered by the exemptions herein, who may possess this report, is advised that they should rely on their own independently secured advice for any decision in connection with this property. CBRE, Inc. shall have no accountability or responsibility to any such third party.
15. Any value estimate provided in the report applies to the entire property, and any pro ration or division of the title into fractional interests will invalidate the value estimate, unless such pro ration or division of interests has been set forth in the report.
16. The distribution of the total valuation in this report between land and improvements applies only under the existing program of utilization. Component values for land and/or buildings are not intended to be used in conjunction with any other property or appraisal and are invalid if so used.
17. The maps, plats, sketches, graphs, photographs and exhibits included in this report are for illustration purposes only and are to be utilized only to assist in visualizing matters discussed within this report. Except as specifically stated, data relative to size or area of the subject and comparable properties has been obtained from sources deemed accurate and reliable. None of the exhibits are to be removed, reproduced, or used apart from this report.
18. No opinion is intended to be expressed on matters which may require legal expertise or specialized investigation or knowledge beyond that customarily employed by real estate appraisers. Values and opinions expressed presume that environmental and other governmental restrictions/conditions by applicable agencies have been met, including but not limited to seismic hazards, flight patterns, decibel levels/noise envelopes, fire hazards, hillside ordinances, density, allowable uses, building codes, permits, licenses, etc. No survey, engineering study or architectural analysis has been made known to CBRE, Inc. unless otherwise stated within the body of this report. If the Consultant has not been supplied with a termite inspection, survey or occupancy permit, no responsibility or representation is assumed or made for any costs associated with obtaining same or for any deficiencies discovered before or after they are obtained. No representation or warranty is made concerning obtaining these items. CBRE, Inc. assumes no responsibility for any costs or consequences arising due to the need, or the lack of need, for flood hazard insurance. An agent for the Federal Flood Insurance Program should be contacted to determine the actual need for Flood Hazard Insurance.
19. Acceptance and/or use of this report constitutes full acceptance of the Contingent and Limiting Conditions and special assumptions set forth in this report. It is the responsibility of the Client, or client's designees, to read in full, comprehend and thus become aware of the aforementioned contingencies and limiting conditions. Neither the Appraiser nor CBRE, Inc. assumes responsibility for any situation arising out of the Client's failure to become familiar with and understand the same. The Client is advised to retain experts in areas that fall outside the scope of the real estate appraisal/consulting profession if so desired.
20. CBRE, Inc. assumes that the subject analyzed herein will be under prudent and competent management and ownership; neither inefficient or super-efficient.
21. It is assumed that there is full compliance with all applicable federal, state, and local environmental regulations and laws unless noncompliance is stated, defined and considered in the appraisal report.
22. No survey of the boundaries of the property was undertaken. All areas and dimensions furnished are presumed to be correct. It is further assumed that no encroachments to the realty exist.
23. The Americans with Disabilities Act (ADA) became effective January 26, 1992. Notwithstanding any discussion of possible readily achievable barrier removal construction items in this report, CBRE, Inc. has not made a specific compliance survey and analysis of this property to determine whether it is in conformance with the various detailed requirements of the ADA. It is possible that a compliance survey of the property together with a detailed analysis of the requirements of the ADA could reveal that the property is not in compliance with one or more of the requirements of the ADA. If so, this fact could have a negative effect on the value estimated herein. Since CBRE, Inc. has no specific information relating to this issue, nor is CBRE, Inc. qualified to make such an assessment, the effect of any possible non-compliance with the requirements of the ADA was not considered in estimating the value of the subject.

24. Client shall not indemnify Appraiser or hold Appraiser harmless unless and only to the extent that the Client misrepresents, distorts, or provides incomplete or inaccurate appraisal results to others, which acts of the Client approximately result in damage to Appraiser. Notwithstanding the foregoing, Appraiser shall have no obligation under this Section with respect to any loss that is caused solely by the active negligence or willful misconduct of a Client and is not contributed to by any act or omission (including any failure to perform any duty imposed by law) by Appraiser. Client shall indemnify and hold Appraiser harmless from any claims, expenses, judgments or other items or costs arising as a result of the Client's failure or the failure of any of the Client's agents to provide a complete copy of the appraisal report to any third party. In the event of any litigation between the parties, the prevailing party to such litigation shall be entitled to recover, from the other, reasonable attorney fees and costs.

RETAIL SALE No. 1

Comments

This property is located at the southwest corner of West Main Street (FM 518) and State Highway 3 in League City. Palais Royal is occupying part of the space formerly occupied by a grocery store that vacated the center. The available space includes some long narrow areas that are difficult to lease because of the anchor depth to the space. The Family Dollar store had an option to vacate if the grocery store vacated and this location is secondary to the freeway. Palais Royal, Goodwill and Family Dollar provide 56% of the net operating income. According to the leasing agent, the asking rents range from \$6.00 to \$15.00 psf based on the size and location in the center. The property was listed for sale at \$6,600,000. The transaction included 4.397-acres of excess land that was valued at \$475,000. We have deducted this amount from the purchase price to reflect the net cost of the shopping center.

Comments

The property initially had a non-binding LOI for \$5,750,000. The buyer plans on spending \$1,953,220 for site/building repairs and facade renovation, including \$917,700 on improvements to a 37,871 square foot space that is currently vacant but was previously used as a grocery store. This cost is added to the sale price to arrive at the cash equivalent sale price.

Comments

The property is a 138,033 square foot neighborhood shopping center on a 13.607-acre site. The subject site is located at the southeast corner of Congress Street and Bertrand Drive in the City of Lafayette, Lafayette Parish, Louisiana. The property is 99.2% leased as of the date of this report. The center is anchored by Rouses Markets. Other major tenants include Stage and a freestanding CVS Pharmacy. It is noted the subject comprises a leasehold interest, as the underlying ground is leased for a remaining term of approximately 12 months, with four, 10-year renewal options that extend the term to August 24, 2054. Rouse's also pays percentage rent, which was approximately \$0.80 psf in 2012.

Comments

Known as the Houma Power Center, this property is located at 1540-1558 Martin Luther King Jr. Boulevard in Houma, Louisiana. The improvements consist of a one-story 98,586-square foot shopping center anchored by Old Navy and Michael's. The property was 100% leased at the time of the sale, although several tenants have short remaining lease terms. Property Management Group acquired Houma Power Center from Kimco Realty Corporation for \$8.5 million, or \$86.22 per square foot, on September 30, 2011. Within three miles, the 2011 population is estimated at 43,546 and the median household income was \$50,607.

Comments

The property is a 138,033 square foot neighborhood shopping center on a 13.607-acre site. The site is located at the southeast corner of Congress Street and Bertrand Drive. The center is anchored by Rouses Markets. Other major tenants include Stage and a freestanding CVS Pharmacy. It is noted the subject comprises a leasehold interest, as the underlying ground is leased for a remaining term of approximately 12 months, with four, 10-year renewal options that extend the term to August 24, 2054. Rouse's also pays percentage rent, which was approximately \$0.80 psf in 2012.

STRENGTHS & WEAKNESSES

STRENGTHS

- » Concentration of well-paying energy jobs that lead to above-average per capita income.
- » Pockets of high-value-added manufacturing are beginning to materialize.
- » Stabilizing effect of rising concentration of healthcare.

WEAKNESSES

- » Below-average share of college graduates.
- » Low industrial diversity due to large energy industry.

FORECAST RISKS

SHORT TERM

LONG TERM

RISK EXPOSURE
2014-2019**84**

2nd quintile

Highest=1
Lowest=384

UPSIDE

- » Oil prices continue to rise, accelerating oil extraction and exploration in the Gulf of Mexico.
- » More energy firms relocate their back-office and administrative personnel to the metro area.

DOWNSIDE

- » State budget cuts are larger than expected, compelling even larger layoffs at the University of Louisiana.

MOODY'S RATING

Aa2COUNTY
AS OF JUN 13, 2014

Recent Performance. Strong growth in consumer services and manufacturing has Lafayette's expansion outpacing that of Louisiana. Tourism and healthcare are driving employment gains thanks to an accelerating regional recovery and favorable demographics. Machinery manufacturing is also chipping in, as demand for mining and petrochemical components from nearby Baton Rouge and Houma has boosted production. The unemployment rate has fallen to 3.9% despite an expanding labor force, suggesting that employment growth has been strong enough to draw individuals off the sidelines. Strength is not limited to the labor market: House price increases are outpacing the state average as rising incomes and an expanding population have boosted demand for single-family properties. Only a declining state government sector is preventing a complete recovery for the metro area.

Assembly lines. The steady development of southern Louisiana's energy-related industries will support manufacturing. Gains are already apparent: Local factory payrolls are rising more than twice as fast as the U.S. average. Additional hiring is likely, as metro area laborers are already working more hours than their in-state peers. Access to an expansive rail, road and waterway transportation infrastructure has LAA well-positioned to serve Gulf of Mexico drilling in Houma, liquid natural gas exports in Lake Charles, and petrochemical manufacturing in Baton Rouge. An influx of investment and strong international demand has lifted the outlook for all three industries. Gains will accumulate particularly for local manufacturers that specialize in large-scale machinery and component production. Given that many of these pieces are custom built for specific facilities, local payrolls are relatively well-insulated from automation. Manufacturing hiring will continue through at least late 2017.

Tourism and tech. An expanding service sector will compliment growth in manufacturing and

energy. Leisure, hospitality and retail have powered gains this year, as rising wages in goods-producing industries have freed up discretionary income. While the growth is encouraging, many of the jobs created are low paying and temporary, limiting spillover to other industries. More promising opportunities exist in high-value-added medical and technology services. Local healthcare providers will be busy in the coming decades since the share of LAA's population over the age of 65 is expected to expand steadily. Beyond healthcare, multiple technology firms are moving into the area. Enquero, a Silicon Valley-based software development firm, plans to employ more than 300 information technology professionals. In addition, CGI hopes to create 400 developer jobs when it opens its new technology center at the University of Louisiana-Lafayette. These jobs are well-paying and uncorrelated to oil and gas prices, thereby helping to diversify LAA's industrial mix away from the energy cycle.

Real estate. An improving jobs outlook and positive migration trends will bolster the housing market. The tight inventory of existing homes is leading to a runup in building activity. Single-family permit issuance has nearly doubled since 2012. Construction payrolls have swelled as homebuilding has commenced. The upswing is likely to continue as median household income, the key determinant for house price growth, will steadily rise in the coming years. Real-estate valuations will perform in line with the Louisiana average through decade's end.

Machinery manufacturing and an improving service industry support Lafayette's upbeat near-term outlook. Gulf of Mexico drilling will boost energy payrolls while an expanding cluster of technology firms adds to the metro area's industrial mix. Yet, long term, below-average population growth and a dependence on goods production will leave LAA trailing the U.S.

About Moody's Analytics

Economic & Consumer Credit Analytics

Moody's Analytics helps capital markets and credit risk management professionals worldwide respond to an evolving marketplace with confidence. Through its team of economists, Moody's Analytics is a leading independent provider of data, analysis, modeling and forecasts on national and regional economies, financial markets, and credit risk.

Moody's Analytics tracks and analyzes trends in consumer credit and spending, output and income, mortgage activity, population, central bank behavior, and prices. Our customized models, concise and timely reports, and one of the largest assembled financial, economic and demographic databases support firms and policymakers in strategic planning, product and sales forecasting, credit risk and sensitivity management, and investment research. Our customers include multinational corporations, governments at all levels, central banks and financial regulators, retailers, mutual funds, financial institutions, utilities, residential and commercial real estate firms, insurance companies, and professional investors.

Our web periodicals and special publications cover every U.S. state and metropolitan area; countries throughout Europe, Asia and the Americas; the world's major cities; and the U.S. housing market and other industries. From our offices in the U.S., the United Kingdom, the Czech Republic and Australia, we provide up-to-the-minute reporting and analysis on the world's major economies.

Moody's Analytics added Economy.com to its portfolio in 2005. Now called Economic & Consumer Credit Analytics, this arm is based in West Chester PA, a suburb of Philadelphia, with offices in London, Prague and Sydney. More information is available at www.economy.com.

RE: Assignment Agreement – 3 Retail Centers
1. 100-128 Arnould Boulevard, Lafayette, LA 70506
2. 803-865 Brownswitch Road, Slidell, LA 70458
3. 104-110 Gause Boulevard West, Slidell, LA 70460

Dear Mr. Fodor:

We are pleased to submit this proposal and our Terms and Conditions for this assignment.

PROPOSAL SPECIFICATIONS

Purpose:	To estimate the Market Value of the referenced real estate
Premise:	As Is and As Stabilized Value (if applicable)
Rights Appraised:	Leased Fee
Intended Use:	Mortgage Financing Purposes
Intended User:	The intended user is Natixis Real Estate Capital LLC. Reliance on any reports produced by CBRE under this Agreement is extended solely to the Client signing below. Other parties or entities who obtain a copy of the report may not rely upon any opinions or conclusions contained in the report unless such party or entity has expressly been identified by CBRE as an Intended User.
Reliance Language:	This report is addressed to Natixis Real Estate Capital LLC, such other persons as may be designed by Natixis Real Estate Capital LLC and their expressive successors and assigns. Special conditions include: (i) the Report may be relied upon by Natixis Real Estate Capital LLC in determining whether to make a loan evidenced by a note ("the Property Note") secured by the Property; (ii) the Report may be relied upon by any purchaser in determining whether to purchase the Property Note from Natixis Real Estate Capital LLC and any rating agency rating securities issued by or representing an interest in the Mortgage Note, (iii) the Report may be referred to in and included with materials offering for sale the Property Note or an interest in the Property Note, (iv) persons who acquire the Property Note or an interest in the Property Note may rely on the Report, (v) the Report speaks only as of its date in the absence of a specific written update of the Report signed and delivered by CBRE Inc.

Inspection:	CBRE will conduct a physical inspection of the subject property, as well as its surrounding environs on the effective date of appraisal.
Valuation Approaches:	All applicable approaches to value, including insurable value.
Report Type:	Self-Contained Appraisal Report – 3 separate reports
Appraisal Standards:	USPAP/FIRREA
Appraisal Fee:	\$5,000 each, total \$15,000
Expenses:	Fee includes all associated expenses
Retainer:	A retainer is not required for this assignment
Payment Terms:	Final payment is due and payable upon delivery of the final report or within thirty (30) days of your receipt of the initial report, whichever is sooner. The fee is considered earned upon delivery of the initial report. We will invoice you for the assignment in its entirety at the completion of the assignment.
Delivery Instructions:	CBRE encourages our clients to join in our environmental sustainability efforts by accepting an electronic copy of the report. An Adobe PDF file via email will be delivered to alex.fodor@us.natixis.com. The client has requested One (1) bound final copy(ies). Charges may apply for additional copies (see Terms and Conditions).
Delivery Schedule:	
Draft Report:	2 weeks
Final Report:	Upon Client's request
Start Date:	The appraisal process will start upon receipt of your signed agreement and the property specific data.
Acceptance Date:	These specifications are subject to modification if this proposal is not accepted within 14 business days from the date of this letter.

TERMS AND CONDITIONS

The attached Terms and Conditions and Specific Property Data Request are deemed a part of this agreement as though set forth in full herein. Each person executing this agreement represents and warrants that it has the requisite power and authority to enter into and bind the respective parties hereto.

We appreciate this opportunity to be of service to you on this assignment. If you have additional questions, please contact us.

Sincerely,

**As Agent for
CBRE, INC.**
