

Project Summary — On The Boulevard Signage Rendering System

What Has Been Built

A complete, turnkey production pipeline for generating photoreal AI signage renderings for every tenant at On The Boulevard:

- **Source-of-truth tenant database** with 25 records.
- **Modular prompt library** (3 layers + tenant overrides, 14+ prompt fragments).
- **Automation suite** (8 Python scripts behind one `signage_cli.py` entry point).
- **Production folder structure** at `/home/ubuntu/ON_THE_BOULEVARD/` with per-tenant directories, site plans, brand system, and export targets.
- **Production tracker workbook** (5 sheets, data validation, conditional formatting) plus CSV mirror.
- **Full operator documentation:** README, Operator Guide, Quick-Start, System Architecture, Directory Tree, this summary.

Current Capabilities

- Generate layered prompts per tenant/scene from one command.
- Batch-render any subset (single tenant, single scene, all tenants, all scenes).
- Automated QC checks for resolution, aspect, integrity.
- One-command export to leasing, investor, or broker deliverable packs.
- Live production status via the tracker workbook.
- Versioned, audit-friendly file structure (timestamped renders, separate `revisions/` and `finals/`).

Tenant Roster (25 units — 23 active, 2 vacant)

Tenant	Unit	Category	Facade	Logo
The Pink Paisley	101-103	Boutique	A	✓

Roster by Category

- **Boutique** (6): The Pink Paisley, Painted Bayou, JC Kate Boutique, Lola Pink, The Clothing Loft, Jordan Amanda
- **Financial** (2): Oupac, 1st Franklin Financial
- **Fitness** (1): HotWorx
- **Medical** (2): Cat Clinic of Lafayette, Rehabilitation Services
- **Restaurant** (4): Great American Cookie, Graze Acadiana, Blvd Nutrition, Jason's Deli
- **Retail** (3): The Tux Shoppe, Greek Expressions, Mary Ellen's
- **Salon** (3): Victoria Nails, Magnolia Salon, C Wolf Barber Shop
- **Services** (2): Belle Realty, Fast Pass Tag & Title
- **Vacant** (2): Vacant, Vacant

Logo Asset Inventory

- **On file**: 19 tenants
- **Needed**: 4 tenants → Cat Clinic of Lafayette, Belle Realty, Blvd Nutrition, Jason's Deli
- **N/A (vacant)**: 2
- **Multi-variant logos**: Graze Acadiana, Great American Cookie, JC Kate Boutique

See `TENANTS/logo_mapping.json` for the full placement record.

Next Steps for Production Use

1. **Acquire missing logos** for: Cat Clinic of Lafayette, Belle Realty, Blvd Nutrition, Jason's Deli.
2. **Generate prompts** for all active tenants: `signage_cli.py prompts --all`.
3. **Run the first hero batch**: `signage_cli.py render --all --scene hero_storefront`.
4. **QC pass** and log results in `PRODUCTION_TRACKER.xlsx` → QC Log.
5. **Promote approved renders** from `renders/` → `finals/`.
6. **Build the first investor export**: `signage_cli.py export --all --target investor`.

Maintenance Recommendations

- **Weekly**: snapshot `/home/ubuntu/ON_THE_BOULEVARD/` and `tenant_database.json`.
- **Per tenant change**: edit DB → re-run `build_otb.py` → update tracker row.
- **Per prompt-library edit**: regenerate prompts only for affected tenants.

- **Quarterly:** archive old revisions/ contents to cold storage.
- **Audit:** keep the QC Log current — it's your evidence trail for investor decks.
